

The map displays the study area with the A7 highway running vertically. The highway is labeled 'Autoroute Tétouan - Fnideq' and 'A7'. To the right of the highway, the 'La Rocade Méditerranéenne' is shown, with 'RN16' markers. The Mediterranean Sea is on the far right. A scale bar at the bottom indicates 0 to 900 meters, and a north arrow is located at the bottom left.
