REPORTS TO COUNCIL:
ADMINISTRATION
ADMINISTRATOR’S REPORT
Mr. Smith stated that Council had been provided with the most recent updates for the Capital Project Sales Tax (CPST) I and II, as well as the enlightening notes from department heads.

For the public’s edification:

- Utility relocations for the 76 truck route were nearly complete. Construction should be complete in the Fall of this year.
- Mucking was complete on Sections 1 and 2 of SC 51 and paving of both sections was ongoing.
- Asphalt buildup was proceeding in Section 3 and Section 4 with utility relocations underway at Mt. Zion Baptist Church in Pamplico.
- On Alligator Road right of way acquisition and utility coordination was underway and should be bid this Summer. Build up was ongoing and construction at the intersection would be complete later this fall.

He advised that improvements had been completed on 488 roads under Section XIII of the CPST II.

- District 1 had two dirt to pave roads and three roads for resurfacing that were under construction.
- Rocking had been completed on eleven roads in District 2.
- The Sopkin Avenue Sidewalk project was complete with final close out items being addressed.
• District 4 had one dirt to pave road under construction.
• District 5 had seven dirt to pave roads that were under construction.
• District 6 had six dirt to pave roads under construction.
• Resurfacing of six roads in District 7, eight roads in District 8, and eight roads in District 9 were all complete.
• Survey work had been completed for the Oakdale drainage project and staff was actively meeting with property owners to obtain easement permissions which would allow this project to move forward to the bidding and construction phase.

During the month of December, the Environmental Services Office assisted in the rescue of 155 animals. The Palmer Inmate Crew cleaned 2.2 miles of roadway, collecting a total of 1,912 pounds of litter, and 3 citations were issued by Environmental Services officers.

Mr. Smith stated that Florence County was very fortunate to have a professional workforce that continued to be recognized statewide. He recognized 911 Dispatch Manager Mitch Fulmore, who was nominated by the Governor to serve a 2-year term on the SC 911 Advisory Board, which had a major impact statewide.

Mitch was also elected by the SC APCO (Association of Public-Safety Communications Officials) membership to serve as the State Association’s President for a 2-year term beginning June 2020. Mr. Smith congratulated Mr. Fulmore.

During the testing of the Purvis System at the EOC the previous week, a software problem was identified and the CAD vendor, Southern Software, was developing a patch for the problem. It was anticipated the patch would be in place the following week and, pending no further issues, the plan was to go live at 0800 hours on January 28th.

The Planning Department was in the process of implementing new development software that would allow clients/customers to access services online, to apply for permits, submit payment and construction documents, request inspections and check the status of projects in real time. The new software would capture information through the County’s GIS database, which would greatly enhance accuracy and minimize the likelihood of human error.

Mr. Smith stated that with the passage of Ordinance No. 09-2019/20, it was important to realize this was an effort to adopt the State Statute of the latest amended version of the 2018 International Building Codes. There were no significant changes; however the Planning Department, specifically Curt Whaley, convinced the Commission to accept modifications to the seismic soil testing requirements, which potentially saved the property/business owner $5,000 to $10,000 in fees. This was another good example of County staff working for the betterment of the citizens.

MONTHLY FINANCIAL REPORTS
Monthly Financial Reports Were Provided To Council For Fiscal Year 2020 Through November 30, 2019 As An Item For The Record.
ADMINISTRATION/PROCUREMENT

AWARD RFP NO. 06-19/20
Councilman Bradley made a motion Council Award RFP No. 06-19/20, Water Study To Eastern Engineering Of South Carolina, LLC Of Lake City, SC To Be Funded From FY20 Budgeted Funds And Authorize The County Administrator To Execute A Contract Pending Successful Negotiations. Councilman Mumford seconded the motion. Councilman Springs recused himself from any action on this item and abstained from voting due to his association with Eastern Engineering of South Carolina, LLC. Motion was approved (eight in favor of the motion and one abstention).

ADMINISTRATION

PARKING GARAGE
Councilman Caudle made a motion Council Authorize The County Administrator To Proceed With Construction Of The Parking Garage And Surface Lot Renovation At An Estimated Total Construction Price Of $13,991,393 (Guaranteed Maximum Price Of $12,983,293 Plus Other Project Expenses Of $1,008,100) By Execution Of Amendment No. 01 To The Contract With Thompson Turner Construction And Approve Additional Funding From Section XII Savings For The Parking Garage Construction Project In The Amount Of $3,775,000. Councilman Schofield seconded the motion, which was approved unanimously.

REIMBURSEMENT OF FUNDS
Councilman Schofield made a motion Council Approve The Reimbursement Of Funds Transferred From The General Fund To CPST II Projects To Handle Shortfalls For Various Projects Over The Past Five Years In The Amount Of $604,500 From CPST II Section XII Savings. Councilman Poston seconded the motion, which was approved unanimously.

OTHER BUSINESS:

LATE FARM APPLICATION REQUEST

SOUTHERN DIVERSIFIED, LLC
Councilman DeBerry made a motion Council Approve A Request From Southern Diversified, LLC To Accept An Agricultural Assessment Extension To Reflect The Current Agricultural Use Of The Property As Opposed To Commercial Valuation Of The Property And Authorize A Refund Of Property Taxes For Tax Years 2017 And 2018 In The Estimated Amount Of $35,871.08. Councilman Mumford seconded the motion, which was approved unanimously. Councilman DeBerry commented that this request was concerning almost 5,500 acres of timberland and all the property owner did was change the business name, which created the need for a new deed and the filing of the new deed triggered the increase in the tax rate. In the midst of company name change, there was also a change in address and the property owner did not receive the notification regarding the need for a new ag use application. Councilman DeBerry stated that since
there was no change in use of the property and it clearly qualified for ag use he had no problem in approving this request. Councilman Caudle stated he had received several calls regarding these type instances and he understood how this situation could arise. In response to a question from Councilman Kirby, Mr. Smith responded that County policy dictated that a business must present the request for County Council approval. An individual could appeal to the Assessment Appeals Board, pursuant to State law but a change in ownership changes the tax assessment.

INFRASTRUCTURE

BROOKS MCCALL PARK
Councilman Bradley made a motion Council Approve The Expenditure Of Up To $9,500.00 From Council District 3 Infrastructure Funding Allocation To Make Repairs To The Rubber Surfacing Under Slide, Swings, Etc.
