

- **Cookies**

A cookie is a small text file that is stored on a user's device, which may be session ID cookies or tracking cookies. Session cookies make it easier for you to navigate the Service and expire when you close your browser. Tracking cookies remain longer and help in understanding how you use the Service, and enhance your user experience. Cookies may remain on your hard drive for an extended period of time. If you use your browser's method of blocking or removing cookies, some but not all types of cookies may be deleted and/or blocked and as a result some features and functionalities of the Service may not work. A Flash cookie (or locally shared object) is a data file which may be placed on a device via the Adobe Flash plug-in that may be built-in to or downloaded by you to your device. HTML5 cookies can be programmed through HTML5 local storage. Flash cookies and HTML5 cookies are locally stored on your device and are not stored in the browser, so browser settings won't control these cookies. To identify certain types of local shared objects on your device and adjust your settings, please visit: www.macromedia.com/support/documentation/en/flashplayer/help/settings_manager.html. The Service may associate some or all of these types of cookies with your devices.
