

CONDITIONS & GUIDELINE PROTOCOLS

The following information and suggestions made herein is for educational purposes only. It is not intended nor implied to be a substitute for professional medical advice

To search for a condition press and hold the "CTRL" key on your keyboard, and then press the "F" key to open up "Search-This-Page" (PDF) feature. Note that only the most common conditions are or will be included in this document.

Baseline Herbal Formulas

The first 2 weeks of all protocols except time-limited cases (Short code "W1+2"):

The Detox Kit Weeks 1 & 2 + additional tissue-specific formulas depending on condition(s) if needed.

The four basic areas to cover in all cases, if funds allow, are the stomach and bowels, the kidneys, the adrenal glands, and the lymphatic system. Consider if Dr. Morse's [14-week program](#) may be advisable.

On a budget #1 (short code "B#1"):

The fab four:

- Endocrine Glands (note that the Adrenal Glands formula may replace the Endocrine Glands)
- Kidneys & Bladder I tincture
- Lymphatic System I
- Stomach & Bowels #_ (depends on number of bowel movements client has per day)

On a budget #2 (short code "B#2"):

- Heal-All Tea
- GI-Broom (Make sure to have at least 2 solid bowel movements daily before incorporating the GI-Broom)
- Kidneys & Bladder I tincture
- Adrenal Glandular

On a budget #3 (short code "B#3"):

- Heal-All Tea + 100% raw food diet (mandatory)

Assessments:

Keep in mind that the body is bilateral. A kidney on one side can function better than the other kidney. One half of the thyroid can function better than the other half. Also, the medulla (inner portion) of the adrenal glands can be operating at greater efficiency than the cortex (outer portion), which can translate into textbook blood pressure, but poor steroid sugar metabolism or mineral utilization.

- Check blood pressure for measurement of adrenal gland function (textbook: 120 (to 130) systolic over 60 (to 70) diastolic).
- Check blood glucose levels to assess pancreatic and adrenal gland function (textbook: 4.0 to 7.8 mmol/L or 72 to 140.4 mg/dL).
- Check basal temperatures for measurement of thyroid function (textbook: 97.8° to 98.2°).
- Complete and evaluate the self-assessment health questionnaire.

Notes to practitioner:

- Always try to remind the client of basic, healthy principles like getting adequate fresh air, and sunlight as well as gentle exercises, sufficient rest and reduction of stress.
- If the client spots worms or white rice appearances in their stool or otherwise, keep them on the Parasite G formula.
- If the client is detoxifying from cancer, keep them on the Parasite M formula throughout the entire process.
- In most cases, you may consider using 2 Kidneys & Bladder formulas and 2 Lymphatic formulas (preferably one in capsules).
- Always use the same number of kidney supporting formulas as the number of lymphatic moving formulas.
- Use an adrenal glandular or Endocrine Glands formula instead of the Adrenal Glands formula when dealing with high blood pressure.
- For pain management, the following herbal formulas can be used: (1) Inflammation/Joints, (2) Neuromuscular/Anti-spasmodic, and (3) Pain.
- If multiple glands are involved in a case, always check for pituitary weaknesses.
- If the client is dealing with heavy anxiety, shock, trauma, or similar, they can utilize the Moonshine Yarrow, Rescue Remedy or Five-Flower formulas flower essences.
- In most cases of neurological impairment (e.g. multiple sclerosis, people in wheelchairs, etc.) the client will benefit greatly from incorporating physical therapy alongside a detoxification program.
- As a practitioner, in case one may need it, it is always a bonus to familiarize oneself with some of the various therapeutic modalities including: Acupuncture, Chiropractic, Homeopathy, Colon Hydrotherapy, Flower Essences, Aromatherapy, etc.

Generally **Common** Conditions

CONDITION:	TYPICAL SYMPTOM(S):	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
Acid reflux	Mild to strong burning of the esophagus (but also intestines).	<p>Pancreas and stomach and/or sulfur.</p> <p>3 types of acid reflux:</p> <p>a. Sulfur burn (especially when eating a high fruit diet. Check iris for sulfur)</p> <p>b. Acids burning within interstitial spaces (focus on lymphatic system)</p> <p>c. Lack of sodium bicarbonate production from pancreas to neutralize hydrochloric acid (exclude all protein-concentrated foods including nuts, seeds, grains, beans, legumes, etc.)</p> <p>Observe food combinations.</p> <p>See 'Acid Reflux & Heartburn' PDF.</p>	<p>W1+2</p> <p>B#1 + slippery elm [single], marshmallow root [single].</p> <p>Heal-All Tea and/or 1-2 oz. of Aloe Vera juice if pain is intense.</p> <p>For a.: include 'Lymphatic System I' capsules</p> <p>For b.: include 'Lymphatic System I' capsules</p> <p>For c.: include 'Pancreas' formula.</p>
Anxiety attacks	Being plagued by unnecessary fears, struck by heart-pounding panics, sensing danger all the time, constantly worrying for no reason, etc.	Strengthen the adrenal glands and inquire of the individual's living environment (in relation to environmental toxins and chemicals) and encourage thorough washing of produce to remove chemical residues.	<p>W1+2</p> <p>B#1 + 'Adrenal Glands', 'Moonshine Yarrow' flower essence.</p>
Bad breath	Malodorous breath upon awakening only; soon after	Gastrointestinal tract.	W1+2

	brushing teeth or consuming food; or always (chronic).	Refrain from consuming glue-like foods (rice, flour products, potatoes, etc.) and animal flesh. Observe proper food combining. Make sure to have at least 2 solid bowel movements daily before incorporating the GI-Broom.	B#1 + 'GI-Broom', 'Lymphatic System I' capsules.
Body odor	Unpleasant odor emanating from the body.	Lymphatic system. Limit consumption of protein-rich foods (nuts, seeds, grains, beans, legumes, etc.). You may incorporate green juices including parsley, cilantro and lemon. Observe proper food combining.	W1+2 B#1
Candida	Constant or sporadic itchiness, brain fog, sudden mild memory problems.	Focus on strengthening the adrenal glands. Check for pancreatic weakness. Exclude all starchy and fermented foods from diet. If fruit produces too intense reactions, incorporate more vegetable salads (raw or cooked) and/or green juices.	W1+2 B#1 + 'Parasite M', 'Adrenal Glands', 'Pancreas'.
Cold & flu-like symptoms	N/A	Lymphatic system. Never attempt to stop cold and flus.	B#3
Dental decay	Erosion and decay of tooth enamel and/or root of the tooth.	Thyroid and/or parathyroid glands and large intestines. Limit intake of acid-category fruits. See 'Dental Management' PDF.	W1+2 B#1 + 'Bones' formula, parathyroid glandular, Heal-All Tea.
Depression	N/A	Thyroid and/or parathyroid glands. Check basal temperatures.	W1+2 B#1 + 'Happiness', parathyroid glandular.

Edema	Swelling as a result of water retention due to acidosis.	Adrenal glands and kidneys. If in leg(s), try elevating the leg(s) occasionally.	W1+2 B#1
Emotional instability	Uncontrollable emotions.	Adrenal glands.	W1+2 B#1 + 'Happiness', 'Adrenal Glands', 'Gland Tonic'.
Excessive weight (overweight)	N/A	Adrenal glands and thyroid. Limit intake of starchy foods (preferably exclude altogether from diet).	W1+2 B#2 Evaluate for 'Thyroid' formula.
Excessive thinness (underweight/malabsorption)	Very thin and unable to gain weight.	Digestive system; pancreas small intestines, lymphatic system. Check the Pancreas section of the health questionnaire. Make sure to have at least 2 solid bowel movements daily before incorporating the GI-Broom.	W1+2 B#2 + 'Lymphatic System I' capsules, 'GI-broom'.
Fatigue (also chronic)	Lack of energy; needing more than 12 hours of sleep, etc.	Adrenal glands and thyroid. Check basal body temperature and blood pressures. Also consider pituitary gland. Also consider fungal overgrowth, if sulfur is spotted in the iris.	W1+2 B#2 + 'Pure Adrenal 200', 'Thyroid', 'God's Garden Superfood Blend II'.
Fever	Often accompanied by shivering, sweating, muscle aches and loss of appetite.	Lymphatic system. Do not attempt to stop fevers.	B#1 or B#3. Herbal formulas are generally not necessary but can come in handy. Elderflower [single] and/or Catnip [single].

		<p>Stay hydrated (apple or grape juice are great options) and keep temperature below 105° Fahrenheit but do not force below 103°.</p> <p>You can place kids near open windows with a cool cloth on their foreheads.</p> <p>See Question #2 within the General Health FAQ sub-section of GrapeGate.</p>	
Gas and bloating	Experiencing a lot of gas and bloating, especially during or after meals.	<p>Pancreas and/or lymphatic system (sulfur).</p> <p>Chew your food well and practice proper food combinations. Strengthen the pancreas.</p> <p>Consider liver and gallbladder weakness.</p>	<p>W1+2 is optional.</p> <p>B#1 + 'Pancreas' or B#3 + 'Pancreas'.</p>
Hair loss	Thinning of hair; receding of hairline; hair gradually falling out.	<p>Lymphatic System.</p> <p>Inquire of whether tonsils have been removed or if they have stiff necks and/or tight shoulders.</p> <p>Check bowel region of irides.</p>	<p>W1+2</p> <p>B#1 + 'Circulation (Upper)'.</p>
High cholesterol	N/A	Lymphatic system.	<p>W1+2 + artichoke tincture or extract [single]</p> <p>B#1 + 'Adrenal Glands', artichoke tincture or extract [single].</p>
Impotence	Inability to achieve or maintain an erection.	Lymphatic system, adrenal glands.	<p>W1+2</p> <p>B#1 + 'Circulation (Lower)', 'Adrenal Glands', 'Male Reproductive'*.</p>

			<p>* Make sure to see the client's PSA** count before they use this formula.</p> <p>** Prostate-specific antigen.</p>
Indigestion	Experiencing lots of gas, feeling like the food isn't moving and fermentation.	<p>The digestive system. Emphasize the pancreas and observe proper food combinations.</p> <p>If having trouble consuming fatty foods, evaluate the liver and gallbladder.</p> <p>Proper food combining and/or mono meals recommended.</p>	<p>W1+2</p> <p>B#1 + alternating between 'Pancreas', 'Liver/Gallbladder'.</p>
Moles on skin	N/A	<p>Focus on strengthening the adrenal glands. Check for pancreatic weakness.</p> <p>Exclude all starchy and fermented foods from diet.</p> <p>Exercise proper food combining.</p>	<p>W1+2</p> <p>B#1 + 'Parasite M', 'Adrenal Glands', 'Pancreas'.</p>
Runny stools (diarrhea)	N/A	Liver and/or pancreas.	<p>W1+2</p> <p>B#1 + 'Toxin Absorber', 'Liver/Gallbladder', 'Pancreas'.</p> <p>*From Blessed Herbs.</p> <p>Can also try blackberry root tincture [single].</p>
Shortness of breath	Difficulty breathing and/or experiencing a feeling of being unable to pull enough air into the lungs.	<p>Adrenal glands and lungs.</p> <p>Make sure to consider any possible toxins or chemicals in the immediate environment, and wash produce thoroughly.</p> <p>See 'Washing the Produce' PDF.</p>	<p>W1+2</p> <p>B#1 + '3-Lung-Tea', 'Lungs II', 'Adrenal Glands'.</p>

<p>Shyness</p>	<p>Speaking or saying very little, difficulty making or maintaining eye contact, sweating and sweaty palms prior to and during social interactions, etc.</p>	<p>Adrenal glands (generally) but may also involve the thyroid gland.</p> <p>Check blood pressure and basal temperature.</p> <p>Client may benefit from having someone to interact with who understands the situation.</p>	<p>W1+2</p> <p>B#1 + 'Adrenal Glands'.</p>
<p>Urinary tract infection</p>	<p>Strong urges to urinate and general burning sensations when urinating.</p>	<p>Adrenal glands and kidneys.</p> <p>Consider 2 Kidneys & Bladder formulas.</p> <p>Women may douche with the Heal-All Tea.</p> <p>See 'Urinary Tract Inflammation (Acidosis)' PDF.</p>	<p>W1+2</p> <p>B#1 + 'Kidneys & Bladder I' capsules.</p> <p>Marshmallow root cold infusions.</p>

General *Lymphatic* Conditions

CONDITION:	TYPICAL SYMPTOM(S):	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
Arthritis	Inflammation (acidosis) of one or more joints.	Lymphatic system. Focus on alkalizing the body; incorporate green juices if needed. Watermelons are a great choice. NOTE: acid-category fruits may invoke increase of pain.	W1+2 + 'Inflammation/Joints' B#1 + 'Adrenal Glands'.
Bloodshot eyes	Chronic very red eyes or many noticeable blood vessels.	Lymphatic system. Check bowel region of irides. Inquire if the client has had their tonsils removed.	W1+2 B#1 + 'Eye Wash'.
Crohn's disease	Interstitial acidosis of the intestinal tract. Chronic or prolonged abdominal pain and bowel discomfort.	Lymphatic system, small and large intestines. May experience problems consuming some, most or all fruit.	W1+2 B#1 + 'Lymphatic System I' capsules, slippery elm [single], marshmallow root [single].
Goiter	An enlarged portion of the thyroid gland.	Lymphatic system and thyroid gland. NOTE: do not take anything which directly enhances or stimulates thyroid activity. The Endocrine Glands formula is still permitted.	W1+2 B#1

<p>Gout</p>	<p>Sudden and painful joint pains typically accompanied by varying levels of edema.</p>	<p>Adrenal glands and kidneys.</p> <p>Consider 2 Kidneys & Bladder formulas.</p> <p>Refrain from the consumption of protein-rich foods including nuts and seeds as well as fungal foods (fermented anything).</p> <p>Exercise proper food combining.</p>	<p>W1+2</p> <p>B#1 + 'Kidneys & Bladder I' capsules, 'Parasite M'.</p>
<p>Headaches</p>	<p>Pressure and pain within the head. Can also cause eyeballs to hurt.</p>	<p>Large intestines and lymphatic system (head pressure).</p> <p>An enema or colonic may be given for relief.</p>	<p>W1+2</p> <p>B#1</p>
<p>Irritable bowel syndrome</p>	<p>Interstitial acidosis of the intestinal tract.</p> <p>Chronic or prolonged abdominal pain and bowel discomfort.</p>	<p>Lymphatic system, large and small intestines.</p> <p>The client may do a few Heal-All Tea enemas, if it is not painful.</p>	<p>W1+2</p> <p>B#1 + 'Lymphatic System I', 'Kidneys & Bladder I capsules', 'Heal-All Tea'.</p>
<p>Lower back pain</p>	<p>N/A</p>	<p>Lymphatic system.</p> <p>Focus on adrenal glands and kidneys.</p>	<p>W1+2</p> <p>B#1 + 'Kidneys & Bladder I' capsules.</p>
<p>Lump/mass/cyst</p>	<p>N/A</p>	<p>Lymphatic system.</p> <p>Depending on location and size, one may use black salve (expert supervision advised).</p> <p>Focus on adrenal glands and kidneys.</p>	<p>W1+2</p> <p>'Kidneys & Bladder I', 'Kidneys & Bladder II' capsules, 'Lymphatic System IV', 'Lymphatic System I capsules', 'Stomach & Bowels #_', 'Pure Adrenal 200'.</p>

		Depending on location and size, one may use a black salve herbal concoction (requires expert supervision and should only be conducted in cooperation with a practitioner).	
Lymphedema	Local tissue swelling.	Lymphatic system. Focus on adrenal glands and kidneys.	W1+2 B#1
Ovarian cysts	N/A	Lymphatic system.	W1+2 B#1 + 'Kidneys & Bladder II' capsules, 'Lymphatic System IV'.
Rheumatoid arthritis	Extreme acidosis of tissues; especially flexible joints.	Lymphatic system and adrenal glands. This condition is often accompanied by high levels of sulfur in the body making it a slow and challenging condition to overcome. Refrain from consuming protein-rich foods.	W1+2 + 'Inflammation/Joints' 'Kidneys & Bladder I', 'Kidneys & Bladder I' capsules, 'Lymphatic System IV', 'Lymphatic System I' capsules, 'Parasite M', 'Adrenal Glands', Stomach & Bowels #_'.
Sinus congestion	Feeling stuffy; also loss of smell and nasal pressure.	Lymphatic system and large intestines. The client may try neti potting, ear-candling as well as the occasional enema or colonic.	W1+2 B#1
Stiff neck	N/A	Lymphatic system. Focus on adrenal glands and kidneys.	W1+2 B#1 + 'Kidneys & Bladder I' capsules.

		Castor oil packs and heating pads can be utilized for pain relief.	
Swollen lymph nodes (including tonsils, adenoids, axillary, etc.)	Pain and swelling of lymph nodes.	Lymphatic system, adrenal glands and kidneys. Consider 2 Kidneys & Bladder formulas.	W1+2 B#1 + 'Kidneys & Bladder I' capsules, 'Lymph Node I'.
Tight shoulders	N/A	Lymphatic system. Focus on adrenal glands and kidneys. Castor oil packs can be utilized to help break up congestion and for relief.	W1+2 B#1 + 'Kidneys & Bladder I' capsules.
Tumor	N/A	Lymphatic system. Focus on adrenal glands and kidneys. Depending on location and size, one may use a black salve herbal concoction (requires expert supervision and should only be conducted in cooperation with a practitioner).	W1+2 'Kidneys & Bladder I', 'Kidneys & Bladder II' capsules, 'Lymphatic System IV', 'Lymph Node I', 'Stomach & Bowels #_', 'Pure Adrenal 200'.
Uterine fibroids	N/A	Lymphatic system. The client may douche with the Heal-All Tea.	W1+2 B#1 + 'Kidneys & Bladder II' capsules, 'Lymphatic System IV', 'Adrenal Glands'.
Vaginal dryness	Inadequate moisture of vaginal walls due to inadequate production of	Lymphatic system, adrenal glands. Check blood pressures.	W1+2

	estrogen from the adrenal glands (not ovaries).		B#1 + 'Adrenal Glands', Black Cohosh extract [single] (1/2 dropperful 3x per day.
--	---	--	---

General *Structural* Conditions

CONDITION:	TYPICAL SYMPTOM(S):	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
Broken bones (as a result of accidental injury)	N/A	Thyroid, parathyroid, and adrenal glands. Check basal body temperature. Alkalize the body and make sure to filter lymphatic wastes.	W1+2 B#1 (or B#3) + 'Bones', 'Gland Tonic', parathyroid glandular, comfrey [single], alfalfa [single], kelp [single], horsetail herb [single].
Osteoporosis	Fragile and brittle bones as well as progressive loss of bone density.	Thyroid and/or parathyroid glands. Incorporate green juices depending on case.	W1+2 B#1 + 'Bones', 'Thyroid', Parathyroid glandular, kelp [single].
Ridged nails	Brittle and "easy-to-break" finger and toenails.	Thyroid and/or parathyroid glands.	W1+2 B#1 + 'Bones', 'Thyroid', Parathyroid glandular, kelp [single].
Scoliosis	Curvature of the spine towards either side of the body.	Thyroid and/or parathyroid glands. Incorporate green juices depending on case.	W1+2 B#1 + 'Bones', 'Thyroid', Parathyroid glandular, kelp [single].

General Blood Pressure Conditions

CONDITION:	TYPICAL SYMPTOMS:	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
<p>High blood pressure (blood pressure above 130 systolic and above 70 diastolic)</p>	<p>N/A</p>	<p>Adrenal glands and kidneys.</p> <p>Consider 2 Kidneys & Bladder formulas.</p> <p>NOTE: the pressure from the kidneys (diastolic) will artificially increase the systolic number.</p> <p>Do NOT use licorice root with elevated systolic blood pressure.</p> <p>You CAN use an adrenal formula or glandular, but monitor blood pressure closely if you do so.</p> <p>Look into and begin practicing deep breathing exercises.</p>	<p>W1+2 + 'Cayenne/Garlic'</p> <p>B#1 + 'Kidneys & Bladder I', 'Cayenne/Garlic', 'Adrenal Glands'.</p>
<p>Low blood pressure (blood pressure below 118 systolic and below 58 diastolic)</p>	<p>Usually accompanied by tiredness and high dependency on stimulants.</p> <p>At <80 systolic (top number) one may experience symptom associated with inadequate steroid production.</p>	<p>Adrenal glands and kidneys.</p>	<p>W1+2</p> <p>B#1 + 'Kidneys & Bladder II', licorice root [single], 'Pure Adrenal 200'.</p>
<p>Swinging blood pressure</p>	<p>Blood pressure fluctuates rapidly from high to low and repeat.</p> <p>Dizziness or vertigo from standing up too fast.</p> <p>Nausea.</p>	<p>Cerebellum, adrenal glands and kidneys.</p> <p>Stomach & Bowels and Lymphatic System formula in capsules are highly recommended.</p>	<p>W1+2</p> <p>B#1 + 'Lymphatic System I' capsules, Circulation (Upper).</p>

		Ear-candling, castor oil packs (on the back of the head) and hot and cold applications (on the back of the head) may be considered.	
--	--	--	--

General **Skin** Conditions

CONDITION:	TYPICAL SYMPTOM(S):	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
Acne	Protruding pimples on skin and general skin irritations.	Lymphatic system. Focus on Adrenal glands and kidneys. Important to eliminate all dairy products ASAP.	W1+2 B#1 + alternating between 'Skin', 'Liver/Gallbladder'.
Dry skin	Dry and flaky skin.	Lymphatic system and thyroid gland. Check basal body temperatures to determine thyroid function. Also focus on adrenal glands and kidneys for filtration of lymphatic wastes.	W1+2 B#1 + 'Thyroid' formula.
Eczema	[Acid] wastes exiting slowly through the skin, causing skin irritations and mild to extreme itchiness.	Lymphatic system, thyroid gland, kidneys. Ocean salt water is very beneficial for these cases.	W1+2 B#1 + 'Thyroid' formula.
Oily skin (and hair)	Excessively oily skin and/or hair due to hyper stimulated cells producing excess oil.	Lymphatic system.	W1+2
Pimples	White-yellowish fluid (lymph) exiting slowly from the pores of the skin.	Lymphatic system and kidneys. Important to eliminate all dairy products ASAP.	W1+2 B#1 + 'Thyroid' formula.
Psoriasis	[Acid] wastes exiting slowly through the skin, causing skin irritations and mild to extreme itchiness.	Lymphatic system, thyroid gland, and kidneys.	W1+2 B#1 + 'Thyroid' formula.

		<p>Ocean salt water is very beneficial for these cases.</p> <p>Chickweed tepid baths are helpful for itchiness.</p>	
Rashes	[Acid] wastes exiting slowly through the skin, causing skin irritations and mild to extreme itchiness.	<p>Lymphatic system, thyroid gland, and kidneys.</p> <p>Ocean salt water is very beneficial for these cases.</p> <p>Chickweed tepid baths are helpful for itchiness.</p>	<p>W1+2</p> <p>B#1 + 'Thyroid' formula.</p>
Rosacea	[Acid] wastes exiting slowly through the skin (primarily facial area), causing hypertrophy of blood vessels, skin irritations and mild to extreme itchiness.	<p>Lymphatic system, thyroid gland, and kidneys.</p> <p>Ocean salt water can be beneficial for these cases.</p>	<p>W1+2</p> <p>B#1 + 'Thyroid' formula.</p>
Vitiligo	White patches on skin.	<p>Pituitary gland.</p> <p>Check bowel region of irides.</p>	<p>W1+2 + pituitary glandular</p> <p>B#1 + Circulation (Upper), 'Pituitary'</p>
Wrinkles	N/A	<p>Lymphatic system, thyroid and/or parathyroid glands.</p> <p>Quit smoking ASAP.</p>	<p>W1+2</p> <p>B#1 + 'Thyroid' formula, parathyroid glandular.</p>

General *Eye* Conditions

CONDITION:	TYPICAL SYMPTOMS:	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
Cataracts	A clouding (cholesterol deposit) that develops in the crystalline lens of the eyes.	Eyes, lymphatic system and adrenal glands.	W1+2 + 'Circulation (Upper)', 'Eye Wash', artichoke extract [single] B#1 + Circulation (Upper)', 'Eye Wash', 'Adrenal Glands', artichoke extract [single]
Farsightedness (hyperopia)	N/A	Eyes and lymphatic system.	W1+2 + 'Circulation (Upper)', 'Eye Wash' B#1 + Circulation (Upper)', 'Eye Wash', bilberry [single], bayberry root bark [single], eyebright herb [single]
Macular degeneration	Progressive loss of vision.	Eyes and lymphatic system	W1+2 + 'Circulation (Upper)', 'Eye Wash' B#1 + Circulation (Upper)', 'Eye Wash', bilberry [single], bayberry root bark [single], eyebright herb [single]
Nearsightedness (myopia)	N/A	Eyes and lymphatic system.	W1+2 + 'Circulation (Upper)', 'Eye Wash' B#1 + Circulation (Upper)', 'Eye Wash', bilberry [single],

			bayberry root bark [single], eyebright herb [single]
--	--	--	---

General *Neurological* Conditions

CONDITION:	TYPICAL SYMPTOM(S):	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
ADHD	Trouble focusing and paying attention. Also sporadic hyperactivity.	Adrenal glands and nervous systems. High fruit diet essential. Coconut milk (coconut water + coconut meat blended) is an excellent dietary addition.	W1+2 B#1 + 'Chem/Metal Detox' 'Gland Tonic', 'Brain & Nervous System II', 'Circulation (Upper)'.
Asthma	Sudden difficulty breathing, shortness of breath and wheezing.	Adrenal glands, lymphatic system and lungs. Symptoms of asthma will not develop from lymphatic congestion alone; A neurological weakness must be present as well. It is important that the client weans themselves off of the use of inhalers. They should work with their general care physician otherwise they must do it themselves. Make sure to thoroughly wash all produce.	W1+2 + 'Neuromuscular-Antispasmodic' B#1 + 'Adrenal Glands', 'Neuromuscular-Antispasmodic', 'Brain & Nervous System II'.
Autism	Noticeable and/or problematic difficulties in social interaction, language and overall behavior.	Adrenal glands and nervous systems. High fruit diet essential.	W1+2 B#1 + 'Chem/Metal Detox' 'Gland Tonic', 'Brain & Nervous System II', 'Circulation (Upper)'.

		Coconut milk (coconut water + coconut meat blended) is an excellent dietary addition.	
Lou Gehrig's	Progressive atrophy of muscle tissues alongside the spinal cord and damage of motor neurons in the brain.	Adrenal glands and nervous systems. High fruit diet essential. Coconut milk (coconut water + coconut meat blended) is an excellent dietary addition.	W1+2 B#1 + 'Pure Adrenal 200', 'Brain & Nervous System II', 'Circulation (Upper)', 'Ultimate Immune', 'God's Garden Superfood Blend I'.
Multiple sclerosis	Progressive deterioration of motor neurons handicapping motor skills.	Adrenal Glands and nervous systems. 100% fruit diet mandatory. Coconut milk (coconut water + coconut meat blended) is an excellent dietary addition. Check liver region in irides and health assessment questionnaire.	W1+2 B#1 + 'Pure Adrenal 200', 'Brain & Nervous System II', 'Circulation (Upper)', 'Ultimate Immune', 'God's Garden Superfood Blend I'.
Parkinson's	Progressive mild to severe paralysis, sporadic inability to move certain parts of the body and tremors.	Adrenal glands and nervous systems. 100% fruit diet mandatory. Coconut milk (coconut water + coconut meat blended) is an excellent dietary addition. Check liver region in irides and health assessment questionnaire.	W1+2 B#1 + 'Pure Adrenal 200', 'Neuromuscular/Anti-Spasmodic', 'Brain & Nervous System II', 'Circulation (Upper)', 'Ultimate Immune', 'God's Garden Superfood Blend I'.
Tinnitus	Hearing sporadic to constant ringing or other sounds when no external sound is present.	Adrenal glands, large intestines, lymphatic system (head pressure). An enema or colonic may be given for relief.	W1+2 B#1 + 'Brain & Nervous System II', 'Circulation (Upper)', 'Adrenal Glands'.

Tremors	Incessant, uncontrollable shaking.	Adrenal glands and nervous system. May also involve thyroid and/or parathyroid glands. Check basal body temperature and refer to parathyroid section of health questionnaire. Check liver region in irides and health assessment questionnaire.	W1+2 B#1 + 'Brain & Nervous System II', 'Circulation (Upper)', 'Pure Adrenal 200'.
----------------	---	--	---

General Mental & Cognitive Conditions

CONDITION:	TYPICAL SYMPTOMS:	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
Alzheimer's	N/A	Brain and lymphatic system. As it is usually the elderly that develop the symptoms of Alzheimer's, and due to the nature of some of those symptoms, it is not always possible that the person can follow through with the protocols. A high fruit diet is essential. Coconut milk (coconut water + coconut meat blended) is an excellent dietary addition.	W1+2 + 'Brain & Nervous System II', 'Circulation (Upper)' B#1 + 'Brain & Nervous System II', 'Circulation (Upper)', 'Adrenal Glands', 'Gland Tonic'.
Brain fog	Periods of inability to think straight, sudden loss of train of thought, etc.	Brain, lymphatic system and adrenal glands. Try to refrain from fungal (fermented) and starchy foods.	W1+2 + 'Circulation (Upper)' B#1 + 'Parasite M', 'Circulation (Upper)'.
Dementia	Progressive problems with memory and decreased intellectual functioning.	Brain, lymphatic system. A high fruit diet is essential. Coconut milk (coconut water + coconut meat blended) is an excellent dietary addition.	W1+2 + 'Circulation (Upper)', 'Brain & Nervous System II' B#1 + 'Circulation (Upper)', 'Brain & Nervous System II', 'Parasite G'.
Memory problems	Impaired short-term and/or long-term memory.	Brain, lymphatic system. Coconut milk (coconut water + coconut meat blended) is an excellent dietary addition.	W1+2 B#1 + 'Circulation (Upper)', 'Brain & Nervous System II'.

General *Culturing Medium* Conditions

CONDITION:	TYPICAL SYMPTOMS:	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
Hepatitis A, B, C	Varying degrees of liver inflammation. Pain in liver area.	Lymphatic system, liver, adrenal glands.	See Dr. Morse's full 14-week program and consult the clinic or a trained practitioner.
Herpes	Usually appears as clusters of small blisters containing yellow-whitish fluid.	Lymphatic system. Focus on alkalizing the body and refrain from consuming protein-rich foods including nuts and seeds.	W1+2 B#1 + 'Parasite M'.
HIV/AIDS	General symptoms of acidosis throughout the body. Also prolonged high grade fevers and chronic diarrhea.	Lymphatic system. The primary focus is cleaning the body and strengthening the tissues of the body as soon as possible.	See Dr. Morse's full 14-week program and consult the clinic or a trained practitioner. 'Kidneys & Bladder I' capsules, 'Kidneys & Bladder II' tincture, 'Lymphatic System IV', 'Lymphatic System I' capsules, Stomach & Bowels #_, 'Parasite M', 'Adrenal Glands', 'Ultimate Immune', 'Gland Tonic'.
Yeast infection	Vaginal itching, irritations, etc.	Lymphatic system.	W1+2 B#1 + 'Parasite M'.

General Deficiency Conditions

CONDITION:	TYPICAL SYMPTOM(S):	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
Vitamin B12 deficiency	Lack of energy.	Digestive system, small and large intestines, adrenal glands. Shift focus to making the entire body healthy.	W1+2 B#1
Calcium deficiency	N/A	Digestive system, small and large intestines, parathyroid glands. Shift focus to making the entire body healthy. Incorporate some green juices if desired.	W1+2 B#1
Iron deficiency	N/A	Digestive system, small and large intestines, adrenal glands. Shift focus to making the entire body healthy. Incorporate some green juices if desired.	W1+2 B#1 + 'Adrenal Glands', yellow dock root [single], oregon grape root [single], moringa oleifera [single], stinging nettle [single], burdock root [single].
Zinc deficiency	N/A	Digestive system, small and large intestines, adrenal glands. Shift focus to making the entire body healthy. Incorporate some green juices if desired.	W1+2 B#1 + 'Adrenal Glands'.

General Toxicity Conditions

CONDITION:	TYPICAL SYMPTOM(S):	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
Aluminum/Aluminium toxicity	Damage of brain tissues.	Lymphatic System. Incorporate green juices consisting primarily of parsley, cilantro (coriander), dandelion greens, alfalfa and lemon.	W1+2 B#1 + 'Chem/Metal Detox', 'Circulation (Upper)', 'Brain & Nervous System II'.
Flouride poisoning	Loss of calcium from bones.	Lymphatic System. Incorporate green juices consisting primarily of parsley, cilantro (coriander), dandelion greens, alfalfa and lemon.	W1+2 B#1 + 'Bones', Parathyroid glandular.
Mercury (fillings) poisoning	General toxicity of body and mental decline.	Lymphatic System. Incorporate green juices consisting primarily of parsley, cilantro (coriander), dandelion greens, alfalfa and lemon. Have the fillings removed ASAP.	W1+2 B#1

General *Miscellaneous* Conditions

CONDITION:	TYPICAL SYMPTOM(S):	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
Diabetes type I	Limited or no production of beta cell insulin. A result of genetically weakened beta cells or beta cells damaged by acid wastes from the lymphatic system.	Pancreas. Check liver region in irides and health assessment questionnaire.	W1+2 + 'Pancreas', 'Healthy Glucose' B#1 + 'Pancreas', 'Healthy Glucose', 'Parasite G'.
Diabetes type I (neurological)	Limited or no production of beta cell insulin. A result of beta cells not receiving neurological signals to produce insulin.	Pancreas, adrenal glands. Consider pituitary gland as well as the large intestines. Check liver region in irides and health assessment questionnaire.	W1+2 B#1 + 'Pancreas', 'Brain & Nervous System II', 'Pure Adrenal 200', 'Healthy Glucose', 'Parasite G'.
Diabetes type II	Inability to transfer sugars through the small intestines (hypoglycemia) or utilize the sugars once in the blood stream (hyperglycemia).	Adrenal glands.	W1+2 + 'Healthy Glucose', 'Pure Adrenal 200'.
Dizziness/Vertigo	N/A	Cerebellum and lymphatic system. The client may experiment with ear-candling.	W1+2 B#1 + 'Lymphatic System I' capsules, 'Circulation (upper)'. B#1
Hot flashes	A sensation of warmth spreading throughout the body beginning with the upper portion. Skin may also turn red.	Thyroid gland. Check basal body temperature. Consider pituitary gland involvement. NOTE: do not take anything which directly boosts thyroid activity. The	W1+2 B#1

		Endocrine Glands formula is still permitted.	
Low self-esteem	Absence of self-worth and feeling inferior to others.	Thyroid gland. Check basal body temperature.	W1+2 + 'Thyroid' B#1 + 'Thyroid'.
Too tall	Height greatly exceeding 5'11"/182 cm for males. Height greatly exceeding 5'10"/177 cm for females.	Pituitary gland. This is an indicator of a hyperactive pituitary gland. You will not decrease in height from detoxification.	W1+2 B#1
Too short	N/A	Pituitary gland. This is an indicator of a hypoactive pituitary gland. You may grow in height once the gland is functioning normally and the body has been alkalized.	W1+2 B#1 + 'Circulation (Upper)' pituitary glandular.

Blood Panel

CONDITION:	TYPICAL SYMPTOMS:	RELATED ORGAN/GLAND/SYSTEM:	PRIMARY FORMULAS:
Elevated white blood cell count (>13.0 x 10 ³ /mm ³) Preferred range: 6.0-8.0 x 10 ³ /mm ³	N/A	Lymphatic system. Elevated white blood cell count is not synonymous with leukemia. Focus on alkalizing and detoxifying the body.	W1+2 B#1
Low white blood cell count (anything below <4.0 10 ³ /mm ³)	N/A	Bone marrow.	W1+2 + 'Bone Marrow' B#1 + 'Bone Marrow', 'Ultimate Immune'.
Elevated liver enzymes (ALP*, AST**, ALT***) * Alkaline phosphatase ** Aspartate Transaminase *** Alanine Transaminase Preferred range: ALP: 70-100 u/L AST: 15-25 u/L ALT: 15-25 u/L	N/A	Liver, lymphatic system, adrenal glands.	W1+2 B#1 + 'Liver/Gallbladder'.
Elevated creatinine (anything above .6) Preferred range: .3-.6 mg/dL	N/A	Kidneys, lymphatic system and adrenal glands. Refrain from consumption of protein-rich foods.	W1+2 B#1 + 'Kidneys & Bladder I' capsules, 'Adrenal Glands'.
Elevated blood platelets	N/A	Circulatory system, spleen and bone marrow.	W1+2 + 'Blood'

<p>Preferred range: 155-200 X 10³/mm³</p>		<p>Cease or limit consumption of cooked foods.</p> <p>Incorporate green juices if desired.</p>	<p>B#1 + 'Blood'.</p>
<p>Low blood platelets</p> <p>Preferred range: 155-200 X 10³/mm³</p>	<p>N/A</p>	<p>Spleen.</p>	<p>W1+2 + 'Blood'</p> <p>B#1 + 'Blood', 'Liver/Gallbladder'.</p>
