

In Deed And Truth Ministries

March/April 2009

Dear Friends and Family,

Pastor's Training Program!

We were blessed to have over 80 of our pastors together for a screening and 3 week teaching. Two missionary couples in Kitale, Kenya came to assess our program and pray about their future long-term involvement. This is an answer to prayer as we have been looking for someone to run this program for us. After two weeks of intense teaching and a further 2 weeks of fasting and praying, we have a full-time course ready to start in June, with 70 pastors. Joe and Nancy Losee are coming to live with us in Tonj and have made a one year commitment to us and the school. They will teach a foundation course followed by the Bible Training Center for Pastors curriculum. It has been very successful throughout Africa and after much research we are happy to get this curriculum started. Pastor Bob from Suzy's home church in San Diego is coming to dedicate the school on June 3rd.

Missionaries Joe and Nancy Losee with 2 of our pastors

How You Can Help These Pastors'!

Pray. *You can play a key role in these pastors' lives through praying for them every day.*

Pray they would be committed and open to the Holy Spirit leading them through the teaching.

Pray that the Word of God would become alive in their hearts and minds and their faith would grow stronger.

Pray for clear communication of the Gospel in Dinka through translators.

Pray the pastors would have perseverance, alertness and diligence to complete the course.

Pray for Joe and Nancy to trust in the Lord to overcome all obstacles as they prepare to join us and start teaching.

Pray for them to get settled and feel like Tonj is their home.

Pray for wisdom for Sabet as he selects pastors that can comprehend and benefit from the program.

Pray for funding and sponsors for every pastor.

Give. *The investment is small, the returns are exceptional.*

For just \$30 a month you can sponsor a pastor in our program. Use the enclosed envelope or go to our website and give online: www.indeedandtruth.org.

Consider giving a *one-time gift* to help us with the cost of purchasing desks, chairs, blackboards and other furniture items. We have always borrowed these in the past and really need to have our own.

Rancho Del Rey Church in Sudan!

February was full of visitors, following the Losee's we hosted and had a fantastic time with RdR's team of nine! Mornings were busy in the compound, helping in the medical clinic and teaching the pastors. After lunch we took them to different villages every day to do 'Kid's Games' and present the gospel. We had between 50-100 kids a day take part and many came to know Jesus as their personal Savior.

Pastor Matt playing 'Kids Games' in Sudan

From Boreholes to Earth Bag Housing!

After RdR church we had three amazing men come from California and bless us with their gifting and talent. First was Eric Green of Project H2O. He had been here 18 months ago helping us with water issues in our compound. Due to equipment complications and limited time we never managed to get the borehole actually working. BUT this trip was a complete success and we now have a borehole and plan to connect it to a tank so we can have running water throughout. Eric stores his drill in our compound and was able to train a team to carry on with bore hole drilling in his absence. Please be praying for him as he raises support to come back and start blessing churches of our pastors with boreholes. He has saved our ministry thousands of dollars by drilling to simply bless us!

Sweet Aman washing her toy using our new borehole!

Along with Eric arrived Ted Miyake and Galyn Thompson to work on a new project called ‘earth bag housing’. Ted was last in Tonj with Sabet under Safe Harbor during the devastating famine of 1998. It was a tremendous blessing to have him come back after 11 years and see how much the town has changed. Him and Galyn trained a team of 10 people on using this unique method to provide affordable housing that will last a lifetime *and* be 20° F cooler inside than the outside. We would like to incorporate this method into our new medical clinic building and also to build a home for our family. So this was really a trial and we used it to benefit Sabet’s elderly mother who is caring for three of her young grandchildren single handedly. These three domes were erected in less than a month using no timber or metal but just a sand/cement mixture. We are very excited for this project and now we have 10 trained individuals, we are looking for sponsors to promote this blessing in Sudan.

Earth Bag Dome House in Tonj, Sudan

Galyn Thompson stayed a whole month and became a part of our family. He is an amazing wealth of knowledge and able to fix anything! And our compound has a lot of fixing to do!! He is very committed in helping raise a team *and* funds to build our family a home and complete the new medical clinic. Please be praying for him to come back soon!

New Clinic Site!

God is so good. After coming back from Christmas in Nairobi with Donato, a road leading to our compound had been ‘created’. It was quite a surprise but sure enough, there was a company road building and so we hired them to grade our land and pour mirum, ready for the clinic foundation. This has saved us months and months of manual labor. A truck of building supplies is on the way from Uganda. So please be praying for the remaining funds to be in place so we can start building when it gets here, We are putting together a construction team and if you have skills that can benefit us and/or would love to make a difference in Sudan, please contact Jeamette Lock on (760) 707-7367 for details.

Preparing our Land for the New Medical Clinic

On The Horizon – Prayer Requests!

Sabet is trying to get a birth certificate and passport for his orphaned niece called Agum, so we can adopt her. She is currently living with us as part of our family.

Please pray for our three visitors from Australia coming to help in the medical clinic and construction in April.

Two Horizon teams coming in May/June with Suzy’s pastor for the bible school dedication. Please be praying for the smooth logistics of these 2 teams as we plan ahead.

In His Service and Grace,

The Kuj Family

“But you, dear friends, must continue to build your lives on the foundation of your holy faith. And continue to pray as you are directed by the Holy Spirit.” Jude 1:20
