

# In Deed And Truth Ministries

November/December 2009

Dear Friends,

## Walk by Faith '09 Prayer Walk!

**What** a joy for Suzy to see many of you at this year's prayer walk fundraiser in San Diego. We sincerely thank each one of you that participated by walking and getting sponsors and also for those who generously donated to the cause. We raised \$32,000 for the new medical clinic building, which is currently under construction. Our aim is to complete the building phase by Easter 2010. Please join us in praying for this project, for the remaining funds to come in so we don't need to delay any further. The real blessing was having intercessory prayer for the ministry during the walk time and really lifting up the needs of In Deed and Truth Ministries in collective prayer.

Praying at This Year's "Walk by Faith" Prayer Walk

## Suzy Shares her Testimony!

**One** highlight for Suzy was sharing at the 'Sisters in Christ' women's ministry at the Rock church in San Diego. The Holy Spirit was moving powerfully in the hearts of the ladies as they came forward afterwards for prayer. To hear Suzy's testimony from that event please go to our website and click on "about us, the missionaries". Suzy also got to share in many homes and other meetings. We were able to show our new ministry DVD documenting our work here in Sudan in detail. The only down side was the time was so short and there were many people she desired to see but was not able to. Thank you to those who hosted events and to the many that attended and we welcome you if you are on this mailing list because of Suzy's recent visit. We give thanks to the Father in every remembrance of you.

## Three Teams!

**November** has been a very busy month here in Tonj! We have witnessed God using the teams that visited and the staff here in an amazing way to preach His Gospel and

share the message of his peace with the Dinka people in Tonj. The first team was from Rancho Del Rey church, it was so good to have them for the second time this year, and they helped cover our pastoral teaching, construction, serving in the clinic and organizing our medical store. An extra blessing is that two ladies from their team stayed long-term to serve us. Stacie Larsen has committed to one year, helping Suzy with administration and compound duties. Sheena Chase is with us for 2 months, caring for the pregnant mothers in our clinic. What a blessing it is to have these young ladies obey God's call to go "into the world" of Sudan and preach the Gospel.

## Rancho Del Rey Team Outreach

**Mostly** I (Sabet) enjoyed going out with the team to the villages to show the Jesus Film and share the gospel. I loved the time for Silly Songs with Sheena, when she sung a Christian song with silly crazy movements and the Dinka, Bongo and Jur Chol people enjoyed it so much there was joy and smiles everywhere. This then opened the door to share the gospel message, and the amazing thing, the adults were more responsive than the kids and village after village we kept seeing God working in the people's hearts. The Jesus film is amazing; watching the movie on a big screen, literally in the middle of nowhere with no sign around of civilization! Many, many souls were saved.

## Ted and Carlos!

**This** has been a year of returns and we were so blessed by Ted Miyake to come back for the second time with his buddy Carlos Salinas. Ted worked on the finishing touches to the earth bag house he had built earlier in the year while Carlos stepped in and continued to cover the pastor's discipleship training. Both were a great support, exhorting us and encouraging us in brotherly love and sharing their wealth of wisdom which is much needed as we see the Lord growing our ministry.

**Carlos Salinas Steps in and Teaches the Pastors'**

**Horizon School of Evangelism Team!**

**Kristi Hamon**, from Suzy's home church in CA joined 6 guys from the HSE team to come and serve us for over 2 weeks. Leo and Dave took over from Carlos in teaching the pastors, Kristi and Kristina worked alongside our medical staff utilizing their nursing training, Josephine and Emily, Leo's wife and 12 year old daughter, helped out in the pharmacy and lead us in worship, Natasha, Leo and Josephine's 17 year old daughter, was able to serve in the medical clinic and observe the doctor as she is praying about being in medical missions. On top of this daily schedule the team did numerous outreaches into the community and shared the gospel.

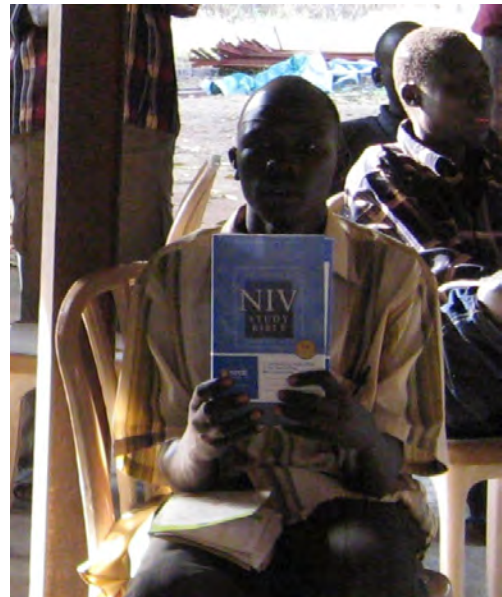

**One** of the highlights was sharing the Thanksgiving holiday with them. Suzy actually flew in a turkey from Kenya and we had the best thanksgiving dinner ever followed by prayer and worship around a bonfire and taking communion together.

**Thanksgiving Dinner**

**New Bibles for the Pastors'**

**Thank you** to every one of you that gave us a bible for our pastors'. The final day of the school was very great to send these pastors home with their new received NIV Study Bible. They have been waiting for them forever!!!! What a joy to finally be able to bless them.

**Pastor with New NIV Study Bible**

**One** of the blessings we had while the teams were here are the members of the teams praying and encouraging our local staff, most of them are new in the Lord and are learning a lot from our daily devotion time and Sunday church service. One couple, who are both working with us in our clinic, have been experiencing serious marriage problems and were already living separately. After many prayers and counseling sessions with both of them we felt they were not getting anywhere. I want to thank the Lord for Suzy and her persistence in praying and not giving up hope in counseling. God answered our prayers and the reconciliation happened! We all were jumping for joy to see how the Lord softened both hearts, we saw a change in countenance in the wife as they repented and forgave each other. Please pray for Dorothy and Thon, their marriage, 2 year old son Amin and the baby that will be born in January. *"Blessed be the Lord, who daily loads us with benefits, the God of our salvation! Psalm 68:19*

**Prayer Requests!**

- ❖ Pray for the completion of the new clinic.
- ❖ Pray for long-term volunteers to partner with us.
- ❖ Pray for Sabet and Mark as they continue with Jesus film outreaches.
- ❖ Pray for Mark, Stacie and Sheena as they serve here over the next few months.

Thank you for partnering with us through prayer and financial support and let us know how we might pray for you also.

Serving Together,

*Sabet, Suzy, Hannah, Jed and Agum Kuj*
