Matoch Update!

Matoch, the eight year old boy shot in the face last year, was able to receive his 2nd surgery and is doing so well. We flew with him to Kijabe Mission hospital in Kenya where they operated to open the nostril and remove excess scar tissue. He is back in Sudan under our care and improving daily. He is pictured here with Sarah, a nurse volunteer from Texas who is serving with us for 3 months. Please pray for his complete healing and that no further surgeries would be necessary.

“...if My people who are called by My name will humble themselves, and pray and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land.”
2 Chronicles 7:14

Horizon Prep!

Horizon Prep school in Southern California blesses the people of Sudan every year by raising money to buy 6 months supply of medicine for our clinic. This year was no exception and we were amazed at just

how much love and effort was poured into the school's "Spirit Run" event to help us meet the critical medical needs of the people in Tonj. Our clinic is now in its 5th year of operation and we have treated more than 200,000 people during that time and provided free medicine. This is only possible because of the tremendous effort put forth through Spirit Run. More importantly, the clinic serves as a platform to present our patients with the gospel and share the great love God has for them and has provided this medical care to the community at no cost. Thank you Pastor Bob, Horizon Prep staff, parents and

children for all you are doing to help us here. Here is a picture of our newly stocked pharmacy and our Senior nurse Margaret with Suzy organizing the recent one year shipment bought with Spirit Run's donation.

Celebration for Independence!

Jesus has walked with us for many years, promising never to leave us or forsake us. At times it has been hard to hold onto that promise but on July 9th we celebrated the day we all have been praying for South Sudan for many years, independence from the North. We are overwhelmed with joy for the people we have loved and lived with and trusted in the Lord for their lives. It was a wonderful day of celebration, singing and dancing with our neighbors and friends, everyone was happy and at peace. The National Anthem is a joy to read it begins with "Oh God, we praise and glorify You for Your grace upon Cush", what an amazing acknowledgment and open door to share the gospel. We continue in prayer for peace in each heart that can only come from knowing Jesus as Savior and Lord.

Praise and Prayer!

- ❖ Praise for the peace we have experienced despite the difficulties in getting supplies.
- ❖ Pray for Sarah as she completes her final month here for the Lord to bless her and use her as an encouragement to our staff and patients.
- ❖ Pray for Matoch to be healed and for no further surgeries.
- ❖ Pray for Agum to get visa's for our upcoming furlough in October.
- ❖ Pray for the safe delivery of our ambulance.

Rejoicing in the Lord,

Sabet and Suzy Kuj
