

Kingdom Assignment in Sudan!

In 2009, Kingdom Assignment Sudan co-founder Andy Dunt left Australia in search of a remote village in South Sudan called Maloney. In Deed and Truth Ministries crossed paths with Andy and joined in his vision to provide basic support to this rural community. Just 45 minutes drive from Tonj across barren swamp land this isolated settlement was the perfect place to begin our weekly medical outreach. Now, three years later, the partnership of our two ministries has provided this disadvantaged village with life-saving resources ranging from a bore hole providing safe drinking water, weekly medical professionals and drugs, a church plant and soon its very own medical clinic. Last month Andy was able to return to the village he has loved and supported bringing with him a group of construction and medical professionals and a pastor. It was our joy to host this dedicated team on their life changing mission as they lay down their lives to serve. They experienced first-hand the harsh world of South Sudan and witnessed the vast needs of the people. To learn more about their ministry vision for South Sudan go to: www.kingdomassignmentsudan.org.au

Midwife on a Mission!

Stephanie Williams has served as a midwife in the medical clinic for the past two years. Selflessly, she has worked day and night delivering over 200 beautiful Sudanese babies and giving them the best chance of survival in life. With one of the world's highest infant mortality rates, South Sudan, her women, and In Deed and Truth Ministries are blessed to have had such a devoted and passionate midwife bring hope to every birth.

Prayer Requests!

- * Pray for the continued building of the new medical clinic. We are on the final stages and excited to see it finished.
- * Pray for CHE trainers arriving this month to train trainers in community evangelism.
- * Pray for completion of Agum's adoption we are half way there!
- * Pray for Stephanie to readjust easily into her culture as she returns to USA.

"Whoever receives one of these little children in My name receives Me; and whoever receives Me, receives not Me but Him who sent Me." Mark 9:37

STS Training Returns to Tonj!

Simply the Story (STS) team came back to Tonj to follow up with our pastors on last year's training. The emphasis was to train the pastors to be trainers of others in using the STS method as a way to evangelize and share the gospel. The team was able to put what they learnt into practice in a nearby town called Mapel, which is home to the tribe of Jurchol. More than fifty pastors and church leaders attended the three day workshop. STS is built on the foundation of 'storying' and develops storytellers who use inductive bible methods to dig deep into a bible story and learn spiritual truths for themselves and to share with others. The lives of those who gain the skill of STS are forever impacted and changed. For a country high with non-literates, this oral style of bible study has proven to be a huge success.

In Africa, people love to tell you a story. It can be a slow process but people listen attentively to every word that unfolds. It is why STS has been a fruitful outreach to our waiting patients.

In His Service,

Sabet and Suzy Kuj
