

Eastgate Church!

Eastgate Christian Fellowship became a home church to our family while we spent some time in Florida in 2007 visiting Suzy's family. We have been so blessed by their continued support of our work in South Sudan. Dr. Tom is from that church and this year they sent a team of eight to come alongside us in Tonj.

Christmas Boxes

The team had professional medical and construction guys. Pastor Rob, a talented artist, painted two murals in the clinic. But the part that touched me the most was the love they gave us and this community.

Eastgate Team

It showed in everything they did and especially in the boxes they packed and carried across the ocean. They were packed generously with supplies including a new sound system for our church / Jesus Film outreach! And Christmas boxes for special delivery which we hand distributed to the children! The team were concerned

that it could be 'torture' to give these kids their boxes now to be opened for Christmas but we assured them the kids will not mind, they feel so special to have been chosen to receive them and would want to save them for Christmas Day.

Thank you Eastgate for all your love and support of our family, staff and community.

"But you are a chosen generation, a royal priesthood, a holy nation, His own special people, that you may proclaim the praises of Him who called you out of darkness into His marvelous light."
 – 1 Peter 2:9

CHE Training of Trainers!

CHE Training of Trainers

CHE (Community Health Evangelism) Trainers were given more tools in this third round of training to equip them in starting a work in their villages. One testimony; they were cleaning up the marketplace from plastic bottles and a crowd gathered to watch. The CHE's shared why they were cleaning and one man was convicted, he was a Christian that had stopped going to church. He repented and is now back in church. The witness of this simple fruit among the CHE's during the training was very powerful and encouraging. We are excited as they move forward, selecting committees in the villages they have been assigned. Pray for the 4th and final training which will take place in March.

Sight for South Sudan!

Jesus said he came to proclaim liberty to the captives and recovery of sight to the blind. In light of this verse it was our joy to host from Kenya for the second year a team from Tenwek Mission Hospital's eye clinic. This year was extra special for our family as Dr. Ben Roberts brought his wife and three children. He was joined by Dr. Dan Gradin from Washington State and 6 Kenyan team members. Together with the Lord's help they were able to restore sight to more than 200 patients in less than a week. Three of our graduated pastors ministered to the patients and gave the Gospel meaning.

Luke Roberts and Kana

One little 5 year old girl touched everyone's heart and needs our prayers. Kana had double cataract and from the information we gathered may have been blind since birth. In these cases restoring sight can sometimes take time and might never be recovered, Dr. Ben said "it is one of those moments where we treat and we have to trust Jesus to heal". The team did a double cataract surgery on her and she is due for follow up care starting next week. The Tenwek team laid hands on her and we continue to pray our Lord Jesus would heal her.

Prayer Requests!

- Rest for our team after such a busy 6 weeks of visitors.
- For CHE training # 4.
- Pray for Kana and all the seeds planted through the cataract clinic.

Praising the Lord,

Sabet & Suzy Kuj
