

Dear Family, Friends & Partners,

Commitment to Christ!

Our family is blessed to be 'chosen' by God for His mission in South Sudan. We don't go in our own strength or power but with the knowledge that our God is the Lord, He is greater than ourselves, gracious to use us in ways we don't feel equipped or worthy. He gives us true comfort and assurance our names are legible for all of eternity in the heavenly leaves of His book of everlasting life. We embrace this calling with full trust in Him and a confidence that none can reverse this blessing.

"Blessed is the nation whose God is the Lord, The people He has chosen as His own inheritance."

– Psalm 33:12

Some might say this is a good time to be getting out of the USA. Some might say this is a bad time to go to South Sudan. It depends really on what we are focused on. Both countries have uncertain futures that generate fear in people. We're focused on what we know is true and certain, our never changing Rock, Jesus Christ. He cares about our lives wherever we live in this crazy world!! He is the Prince of Peace and we have peace about leaving. If God is the center of our lives and we are in His will, we have nothing to fear. We will continue to pray for Godly and honest leaders for both countries, true revival. We will continue to seek God for our lives and our ministry, to live in such a way that those around us will experience His love, mercy and saving grace. What a tragedy that no matter where you live in this world, your eternal security is not based on who will lead your country but who is leading your life, your heart, your soul? If you are living with fears and uncertainty and want the same assurance our family has please visit the website PeaceWithGod.net.

A New Home!

This will be our last newsletter from USA. With our departure date of December 4th looming we are frantically packing and planning for our next term in South Sudan. We are planning to return for a three year term. When we left South Sudan we were sleeping in a tent and this month our house was finally finished just in time for our return.

KUJ Family House in Tonj

Our old house was two team rooms knocked together. This new house has three main rooms, a kitchenette and bathroom, the ceiling is higher, the rooms are deeper, there's a wraparound veranda, giving us a lot more space. The security is always a top priority and we gave this a lot of thought based on our years of experiences living in South Sudan. This house has no windows facing the outside fence, so any sneaky intruders cannot hide and break in the house out of view of the guards. They'll be forced to come to the front of the house where all the windows have glass, wire mesh and security bars. No stray bullets flying through the windows from outside either!! All three kids will be in one room, directly connected to our room. The metal roof has been treated with a heat resistant coating, insulated and together with the gypsum ceiling we should be able to reduce the temperature in the house. With the ceiling fans we hope to get from 120°F into the 90°F range (we'll let you know if it works). Hopefully we won't have any mice or rats running around at night either! A massive thank you to all who donated to help us build our family home.

Visits!

It is goodbye for now but we really hope many of you will choose to visit us and our mission work at some point over the next three years. God is moving and doing an amazing work in South Sudan and we want to share with you.

Kuj family Leaves for Africa!

With South Sudan having so many problems we appreciate your prayers for our transition. It has been quite a crazy month since we realized we are actually leaving. The excitement of going home and being with our team and friends is mixed with sadness as we say goodbye to family and friends here. This is the longest we have been out of Africa in seventeen years but despite this all three kids are looking forward to going back and for that we are truly thankful.

Eastgate Christian Fellowship has been our home church family while we've been in Florida and we are so grateful to Pastor Rob and the church for the love and support they have given to us. But there are so many of you that have reached out and helped us get through this 'season' and we are truly grateful for the body of Christ and the old and new friends we have had the privilege of spending time with on this journey. When we arrived on the West Coast, we had no idea we'd be leaving from the East Coast and not saying goodbye in person to those of you we cherish there, it is very hard.

Praising Him,,

Sabet and Suzy
