

New Ward Opening!

These photos speak for themselves. We had an amazing day. God totally blessed us and gave us favor with the government. It started with you, giving generously so we could provide an adequate space for our inpatients and here it is!

Travis and the team inside the new ward

Our dear NZ volunteer and friend, Richard Welch, made the foundation ready and then Travis (project manager) came from New Zealand, with his dad and cousin, to build the ward and completed it in just 5 months! It truly was God's children joining hands across the world to make this happen.

The National Minister of Health, Hon. Dr. Riak Gai Kok, arriving at the airstrip in Tonj to open the new IDAT ward

We were truly honored the National Minister of Health flew especially from Juba with several government ministers and a TV crew to officially open the new ward.

The ward was named in loving memory of Richard Welch

They honored Suzy with a traditional cow hide dress worn in the cattle camps.

The event was on national TV

A huge crowd attended and following the speeches, we celebrated with lots of dancing and singing.
