

Glory to His Name!

Please pray for Paul and his family. He was a witchdoctor that practiced traditional medicine on people. He lives next to our new church land, where we have been doing the food distribution.

Paul with his wife and children

He would sell people charms to wear and large idols for their homes to protect them from evil spirits. Last month he saw lots of people coming to our land and wanted to see what was going on. He'd lost several family members and constantly lived in fear. He heard Suzy talk about Jesus being the Bread of Life and inviting people to repent and he raised his hand. Pastor Mabior met with him one to one and assured him of salvation through Jesus Christ. Paul said he didn't have any peace and didn't want to be a witchdoctor anymore and he agreed to burn all his idols and charms.

Pastors Mabior and Mayom burning the idols

The following Sunday he came to church and our pastors agreed to burn the charms and pray over his family. His wife and children also prayed and received Christ. It's so awesome to see how the Lord used the food distribution to reach those that didn't even need food!!

Praying With Paul's Family

Praising Partners!

The entire country of South Sudan is facing a food crisis. Our area of Tonj has gone from a phase 3 'critical' level to a phase 4 'emergency' level. We are one step away from phase 5, which is famine.

This family is surviving by eating wild leaves

We have witnessed an incredible response from you, our partners. Together we have bought 54 tons of food and fed over 4,300 families!!

Food Distribution Outreach

Samaritan's Purse also responded to our plea for help and sent us 500 plastic tarps, ropes and mosquito nets.

Tarps donated by Samaritan's Purse

Sadly, we have not seen any food from World Food Program so we ask you to pray for Tonj and for South Sudan. The bible says, don't be anxious about what you shall eat? Everywhere we go people are worried, the situation is so desperate we are anticipating more unrest as those fears turn to a fight for survival.

This is how many families are surviving

Our prayer is that God's Love would be felt, the truth of His Word would be heard, His compassion would be poured out, His forgiveness experienced, His Presence would be known. Praying people's hearts turn towards Jesus, seeking FIRST the Kingdom of God and His righteousness, witnessing God transforming lives like Paul and his family. So many have already responded to Jesus and given Him their hearts. Our pastors are working tirelessly, encouraging believers to put their trust in God. Not to look around at their circumstances but to look up and see Jesus, who will never leave them or forsake them. We ask that you to continue to pray for a miracle for food reaching us and that God would also use this difficult situation to bring Glory to His name.

In His service and by His grace,

*Suzy for the
IDAT Team*
