Inclment Weather

Invariably, weather will impact volleyball planned activities. As soon as a decision is made regarding activities and email (and text if you’ve signed up for that) will go out to all players and parents. No need to ask your coach ahead of time. Everyone finds out at the same time. We will also post a message on the website to this affect.

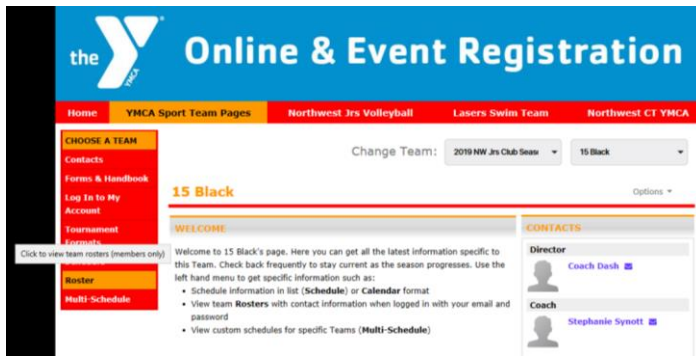

Tournaments

For the 5 NERVA tournaments, we find out the locations, in most cases, just a few days before the tournament. As soon as I receive the assignments, I will update your schedule and you will receive a notification of the changes made and the tournament location including start time and address.

Please note: for tournaments, the entry time is usually 8:30 am with the tournament beginning at 9 am.

Rosters

For team rosters, select “Roster” from the team page.

But You'll have to be signed in to your account to see the details.

Coaching Relationships

We believe that the relationship you have with your coach is an important one. Good communication is paramount and it begins with the player sharing their feelings with the coach first. Our coaches love working with kids and our goal is to help them become confident players. As we get to know each other, often times, we all grow to care for each other and there becomes a desire to expand or continue the relationship.

It's the YMCA's policy that Y employees (coaches) may only communicate directly with players when it has to do with this volleyball season and should stop at the conclusion of the season. Coaches and players should not be “friends” on social media and in no circumstance should a player ride in a car owned or operated by a coach or engage in any activities outside of the YMCA's volleyball program. Anyone who observes any such behavior must report it directly to Volleyball Director or a YMCA official.

Questions and Concerns

If you have any questions or concerns, please don't hesitate to reach out to me. My goal is for an extremely enjoyable and rewarding season. Thank you.
