

Special Kickers

Sign up Today!

DYS Special Kickers is a developmental program for special needs children, with an emphasis on building skills, being active, developing sportsmanship, and having fun! A Special Kicker is comprised of boys and girls from ages 5-12 who will meet for an hour on Thursday's for an eight week season. The program is overseen on the field by an accredited Special Education instructor. The program also enlists young adults from the soccer community who volunteer to work one-on-one or as needed with our players. We call them "Buddies" and they will help provide additional instruction, redirect or just shadow a player. All levels of ability are welcome and no soccer experience is required. The program runs weekly, on Thursdays for 8 weeks.
