

New Wave LACROSSE

Dear Lincoln-Way Girls Lacrosse Families,

Big News...and we're super excited!

New Wave Lacrosse, one of the most respected lacrosse organizations in Illinois, will be administering and running the Lincoln-Way Girls Youth Lacrosse Program moving forward!

“New Wave embodies all of the qualities that I would expect of a youth lacrosse program. The New Wave staff have the knowledge and expertise to guide you as your player develops.”

Tom Roessler, *Lincoln-Way Lacrosse President*

This change will allow New Wave Lacrosse to focus on developing and supporting the LW female athletes throughout the year on many levels including skill development, lacrosse IQ, competition level and the intricacies of lacrosse. Our professional coaching, constant communication, administration and program development are key elements to this transition.

New Wave Lacrosse is a nationally-recognized organization known not only for their elite level travel teams but also their ability to create and develop recreational community programs, leagues, tournaments and all levels of instruction. This will be a perfect fit for the girls in the Lincoln-Way area.

The girls programs at New Wave are run and coordinated by Gina Fisher (*North Central College all-time scoring record holder*) and assisted by New Wave Lacrosse President, Kyle Sullivan.

One very important factor that separates New Wave Lacrosse is its 100% focus on developing the love and skill level of our participating athletes. Our mission is to grow the Lincoln-Way girls program and make sure that each and every athlete improves as a player and teammate.

Registrations and details for the 2020 Spring season will be launched on January 1st. More information will be released at that time and we couldn't be more excited!

Sincerely,

Kyle Sullivan

President
