

Machines are at Field #1 at Youth Memorial in an Orange Rigid box.

There is a lock box on the side of the Rigid box – the combo is 0417

There are two machines in the box – one will be set up on Field #4, one on Field #1.

There is a Tee in the box as well, that goes with the minors teams playing on Field #1.

There are extension cords in the box that plug into the green building in the middle of the complex.

As a reminder, minors dial Speed:

The dial settings on the machine shall be 40 - 43. A dial setting of 43 equates to about 35 mph.

Majors dial speed:

The dial settings on the machine shall be 45 - 50. A dial setting of 50 equates to about 40 mph

First game coaches, please set up the machines – last games, please put away and lock.

To lock the Rigid box, you just need to put the machines back into the box, and then push the locks in after closing the lid.

Below are some pictures of the above described.

There are instructions in the box, you should just need to remove the legs as you see it to get it back into the box, leave everything else together.
