Brief History and Philosophy

This is the twenty fifth year of our program. Our major emphasis is to provide fundamentals to all our participants through lectures, discussions, and skill stations. Our school is based on the premise that baseball instruction is fun. You will properly learn and acquire baseball skills that will improve your game. We require all participants to bring their own equipment (glove ,bat). We recommend that you bring a snack and a water bottle. The clinic is open to ages 7-12 and ages 4-6.
