BLACKOUT FORM

Team name_____ Age_____
Head Coach_____
cell_____email_____

List all conflict dates your team will have for the spring 2018 season. The season begins the week of March 19 and ends June 7th . Most games will be played Mon-Fri. We'll have weekend spots available for league play and will schedule games unless you request the weekend off (If going to a tournament out of town, request Fri-Sun off on blackout form which is due 2/6-2/10). Since a lot of teams travel and we have several weekend events this is what works for our teams. Blackout requests can be made for tournaments, Church events, choir concerts, school functions, Track for the 7th/8th graders, camps, etc. Also in the past we've had a lot of complaints for scheduling late games during school state testing, so please list any of those dates so we know when they fall. We will still play the early game slot during testing. Don't turn this in until you're certain of all your requests. Spend time with your team and make sure you list all conflicts. This is due no later than 2/10 so we can start working on the schedule. You can email it, mail it, or bring it by the office. Once the schedule is set it will be a forfeit if you can't play a game unless your opponent can work with you and we have an available spot to schedule the game. We can't meet all requests but will work hard to try and accommodate as many as possible. Please remember this is not a form to tell us what days you can play. Only use this to block out when you will not have enough players/coaches to play for situations listed above. We know all coaches want to make all games, but please also remember you have more than one coach. Please don't list days that only affect a single coach. It will make it extremely hard to give you a decent schedule if you block out a lot of dates. Very important: remember that we will use this form to schedule all makeup's and other schedule conflicts. If a new conflict comes up, it is the coaches responsibility to notify the league via email. We will acknowledge these emails so if you don't get a response after adding a blackout send another email or call.
