

TACONIC YOUTH FOOTBALL RULES

Amended June 4, 2018

SECTION 1 - MEMBER COMMITMENT

- 1.1 Taconic Youth Football & Cheer (TYFC) is completely dedicated to the boys and girls who participate in TYFC with safety and enjoyment paramount at all times. TYFC has provided a basic set of rules, which are not to be ignored or broken. In all instances the TYFC regulations will be followed.
- 1.2 Priority shall be given to the highest level of play for the purpose of maintaining competition at the highest level of play. It is the obligation of each member organization to first complete the most senior age division roster before attempting to complete any feeder team rosters, in this, we hope to prevent the stacking of feeder teams.
- 1.3 All member organizations are obligated to complete all regularly scheduled games, including crossover, playoff, bowl and championship games at each level of competition during the season. Failure to comply shall be investigated by the TYFC Executive Board and may be subject to any rules governing forfeiture.
- 1.4 Member organizations must fully register all players & teams in the TYFC. Under no circumstance can an organization field a team in a competing, outside organization.
- 1.5 Member organizations must fully comply with all required Book Validation documentation in the required format & at the required time as defined by the Book Validation Committee. A sample packet will be provided by the TYFC for reference. Any incomplete / inaccurate / unformatted forms will result in the rejection of the entire team book and could result in a player / team being ineligible for play.
- 1.6 Any town or organization may apply for TYFC membership by submitting a formal request to the Executive Committee as instructed on the "TYFC New Membership Application Form" posted on the league website. Submission of this form confirms applicant's acknowledgement that they have read, understand, & will comply with all TYFC Rules as noted.

SECTION 2 - PLAYER & COACH REQUIREMENTS

- 2.1 Player registration is determined by the league designated school boundaries established:
 - School district as listed on the TYFC website "District Boundaries" & all member websites
 - Member organizations may accept out-of-district applicants in accordance with the School District Schematic listed on the TYFC website ("District Boundaries") & all member websites.
 - Any player (not previously grand-fathered) from a school district that is not assigned to a member organization is not eligible to play in the TYFC without approval from the Executive Board.
 - A player that is approved to play from outside the school district boundaries is not grandfathered for the following season and all situations will be reviewed each year on a case by case basis
 - It is the responsibility of each member organization that they, upon acceptance of a registrant, perform the necessary due diligence to ensure the child has registered in the correct program. If it is found at a later date (prior to the start of the regular season) that the child has registered in the wrong program the organization in which the child has registered must assume full responsibility & the child will be placed in the correct organization as designated by the league approved boundaries

- 2.2 In such cases where no TYFC team exists in a player's town, the youth may play for the closest neighboring border organization only with the approval of the Executive Board. At the time of registration, the player must be Waitlisted & informed that they cannot play in the TYFC without Executive Board approval. If at a later date a TYFC team is formed in the players town, the player is expected to play for the team assigned in that School District; unless extenuating circumstances are presented to & approved by the Executive Board.
- 2.3 The level of play is based upon an Aged Based Unlimited Weight structure as listed on the league website under the "All-American Divisions" tab. It is expected that all registrants will play within their appropriate division (based on age). In accordance with National regulations, the Age-Based Division will always be the determining factor relative to roster placement. Any exception must be approved by the Executive Board.
- 2.4 Each member organization must submit a roster of at least 16 eligible football players for each team it intends to field (exceptions must be approved by the TYFC board), made up of players who reside within the designated boundaries of such organization. If a player starts in town A and moves to town B, the player may stay with town A or switch to town B (The grandfather clause that allows a player who has moved to remain with the original organization can also be applied to the player's siblings. However, the grandfather clause does not apply to other family members such as cousins, good friends etc.). If the player decides to switch to town B, they may not switch back to town A at a later date/year

There is no team maximum. TYFC will comply with National if there is a max number; therefore player 37 and up will be notified of such rule and could be ineligible for Regional & National Championship play.

- 2.5 All TYFC member organizations are prohibited from waiving players from their respective organizations. Participants are required to register, play for, & remain with their town/member organization as noted in article 2.1 (above). No exceptions to this rule will be granted.
- 2.6 In order for a member association to field two (2) teams at any one level, you must fill the following criteria: no less than 40 players at the same level, the first roster must be a complete 36 player roster and a waiting list must be maintained by the head coach of the originating team (reviewable by the TYFC Board). The process to separate the teams evenly should be via a "Draft" process. Final approval by the Executive Board on the team separation process is required. The objective is to create evenly balanced teams. If the results represent the creation of an "A" and "B" team, changes need to be made the following year unless extenuating circumstances exist that have been presented to & approved by the Executive Board.
- 2.7 Each member organization is required to submit a League approved player contract for each player & cheerleader to the League for validation. The player contract must contain the following:
- (1) **PROOF OF BIRTH:** A Birth Certificate, Certificate of Baptism, Visa or Passport, or a letter from a School Administrator on school letterhead are acceptable. A copy of it must be permanently affixed to the back of the contract with the birth date highlighted.

In cases when no permission is received regarding medical matters, the parent/guardian responsible for that child must be in attendance at all practices and games in which the child participates. The information contained on the form provided by TYFC must be used, as a minimum, on all local association contracts.

(4) PHYSICAL EXAM: A signed & stamped statement by a physician declaring the youth physically sound and capable of playing tackle football or performing cheerleading exercises & drills. This statement must be signed by the physician after January 1st of the current year. The physician's signature must be accompanied by a stamped name.

(5) PHOTO OF PLAYER: Full face; helmet off; from head to waist, in home game jersey with numbers clearly visible. In such cases where jerseys are not available at time photo was taken: a substitute label should be affixed to the photo with number clearly indicated. Cheerleader photo will be a full-face photo.

(6) SCHOLASTIC FITNESS: Each child must have proof of satisfactory progress in school. Any means of proof (report cards, written statements, etc.) is acceptable by the League.

2.8 Each of the aforementioned requirements must be stamped with an official League stamp, that shows current year of eligibility, in order to certify the validation of the contract.

2.9 It is the responsibility of the TYFC Executive Board to determine the eligibility of each player or cheerleader, and thereof shall conduct any investigation of same. Players can be added to a team up to and including completion of the Week 2 of the current season, provided the player has met all necessary requirements. This includes players moving up from lower levels of play. Under no circumstances shall a player be moved down to a level of play once validated to play at a higher level of play.
- 2.12 All coaching positions are subject to approval by the TYFC Executive Board. Head Coach positions, regardless of which level of play, may be subject to interview and approval by the Taconic Youth Football & Cheer Executive Board. A person holding any position in any other youth League or Conference may not hold any coaching position in the Taconic Youth Football & Cheer League.
- 2.13 The league will have a Mandatory meeting to validate all Head Coaches, to review any points of emphasis of TYFC Rules & Regulations, By-Laws, as well as, review the Officials' points of emphasis or changes. In the event a Head Coach cannot attend they must send a delegate in their absence. All teams must be represented; those who do not attend will not be "validated" and will not be allowed to coach. For the Regional championship game/state championship (qualifying game for berth at the National Championships) and first games of National Championship play, each team must have a minimum of 16 players eligible and able to participate. If the number of players falls below 11 players, the game will be forfeited.

Decisions on penalty assigned are at the sole discretion of the TYFC Executive Board.
- 3.3 Game cancellation decision must be made at least 2 hours before game time. Failure to do so may result in liability for official's fees, and/or forfeiture of game. In the case of any rescheduled games, the host team is responsible for the official's fees.
- 3.4 Coaches are responsible for each player being equipped properly.

Due to varying organizational circumstances, game start times could be as early as 8:00AM or as late as lights are permitted on certain fields. Host sites are expected to begin each game promptly at the scheduled time.
- 3.6 The schedule may not be revised once finalized, except to accommodate canceled games and must be approved by the Executive Board. Only the TYFC can schedule league games.

- 3.11 All games must be stopped at the end of the 3rd quarter for the minimum play counters (with clipboards) & head coaches to meet at mid-field to ensure all players have achieved their minimum plays. 3.12 Only two validated coaches are permitted on the playing field during called time-outs. Coaches are not allowed on the field, or permitted to speak to a player or the team on the field when time-out is called because of injury or for official purposes.

Bowl Games will be decided by a coin flip.

3.16 Each team is expected to do their best to provide home and away jerseys of contrasting colors. White or light color should be worn at away games. If a team has only one jersey, they must notify the TYFC Executive Board prior to the start of the season and must also notify their opponents 3 days prior to game day to ensure that there are no game day uniform color issues.
