

All Star Day marks the conclusion of our softball season. The players who were selected to represent their teams for the All Star game were voted on by their teammates and coaches during the season. These players have demonstrated excellence on the field, good sportsmanship, and passion for this game. The National and American teams are formed from pairing players from each 3/4, 5/6, 7/8, and high school division. It is an exhibition style game of the "best" players as voted by the team. The game is exactly 75 minutes in length. At the conclusion of the game, there is a small ceremony where each All Star player receives a medal in recognition of their accomplishment."
