

# Brazos County Softball Little League

To all members of the softball community within Bryan – College Station, we are happy to make this announcement. Recently the Presidents of Bryan Harvey, Bryan National, Bryan United and College Station Little Leagues were able to come together to create Brazos County Little League. The creation of this new league will allow all girls from Brazos County to play together in a single league. This will increase the number of players, coaches and volunteers to help create the strongest local Softball Little League in recent memory. This new league will have its own board of directors focused solely on girls' softball. Planning for the new league is in its early stages, so if you would like to participate in the league's formation please contact [president@bryanunited.com](mailto:president@bryanunited.com) for more information.

Registration for the new league is open now for all players in Junior Minor, Senior Minor, Major, Junior and Senior divisions. You can visit [bryanunited.com/current-programs](http://bryanunited.com/current-programs) or [bryanharveylittleleague.com](http://bryanharveylittleleague.com) to register as a player or as an interested board member/coach/volunteer. Walk in registration will be 2/5-6 at Sam Rayburn Middle School from 5:30-8:00pm.

For 2018 all games will be played at Bryan United and at Bryan Harvey. Each division will be assigned a park for the season, so all games will be at one location. No more traveling all over the district to play regular season games!

We are excited about this wonderful opportunity to grow softball in the Bryan – College Station area and encourage all those interested to volunteer their time and energy towards making the new league a success. More information will be provided as it becomes available.
