

POLICY FOR BIDDING FOR RIGHTS TO HOST THE DIXIE YOUTH WORLD SERIES

The requirements for hosting a Dixie Youth World Series have been developed and approved by the National Board of Directors for the purpose of providing a play-off system to determine the number one team in Dixie Youth Baseball in each playing division. The World Series will be conducted under the most rewarding and pleasant conditions possible with emphasis on the participants of the state championship teams. While it is recognized that many side benefits will be realized for the host city, parents, national officials and others, this policy emphasizes that the primary consideration in hosting this event will always be the welfare and concern for the participating teams. However, it is especially noted that the minimum requirements which follow are specifically directed toward the entertainment of the participating teams and quality of the playing facilities.

These minimum requirements must be met to insure the proper public image of Dixie Youth Baseball and to guarantee that the World Series is played under the best possible conditions for all participants. The Committee does not wish to dictate to any host that they cannot extend certain acts of hospitality or courtesies to the Board or to others in attendance at the World Series. However, it is felt that these matters should be voluntary and not performed because of established precedent and will not be considered by the Board as prerequisites for awarding the rights to host a Dixie Youth World Series.

BID PROCEDURE

MAJORS, "O"ZONE, AAA & AA COACH PITCH WORLD SERIES

Every franchised league in the Dixie Youth Baseball program is eligible to bid for the right to host a Division I & II Dixie Youth World Series for Majors, "O"Zone, AAA and AA Coach Pitch. However, any prospective host league must have the required facilities, be able to meet the financial requirements and have the local support necessary to meet the minimum requirements for hosting a Dixie Youth World Series. Each World Series host must provide a minimum of two approved regulation fields as specified by the Commissioner for each World Series it submits a bid to host.

A league or group of leagues may bid to host a single World Series or any combination of two or three World Series. A bidder may not host more than three World Series in the same week without approval.

A potential bidder must have attended a previous World Series and met with the Commissioner to discuss the World Series events, agenda and procedures. All bidders must have the required facilities necessary to meet the minimum requirements for hosting a World Series. The host will designate the host league for each World Series.

Each potential bidder must adhere to the following bid procedures to qualify for consideration as a Dixie Youth World Series host:

a) Letters of intent to bid for the right to host one or more World Series must be submitted in writing to the Commissioner and must be sent to his office on or before April 1 of the year in which a league presents its bid to the National Board of Directors. The Commissioner **will not** accept a letter of intent to bid from a league which has not met with the Commissioner at the site of a previous World Series to view the events and observe the field maintenance requirements before and after each World Series game.

b) All letters of intent must be supported by written endorsement of the National Board members and state director of the home state of the bidding league. These officials may endorse more than one bid during the same year from their state.

c) The official bid will be the letter thus mailed and should be accompanied by these written endorsements and any other matters of particular interest or support.

d) All prospective hosts' bid presentations will be made, duly considered, voted upon and awarded at the Annual Board Meeting held two years in advance of the event. The Board will award the rights to host the four (4) Division I World Series for the Majors, "O"Zone, AAA, AA Coach Pitch and the four (4) Division II World Series for the Majors, "O"Zone, AAA, AA Coach Pitch at the annual meeting held two years in advance of the scheduled dates for each Series. Each bidding league group will be given ample time, not to exceed thirty minutes, to present their bid in person and to answer questions. Each bidding league may have a group of key officials from their city present and will not be permitted to view the presentation of any competing group.

e) An "Initial Inspection Team," composed of the Commissioner, and/or the President and two members of the World Series Minimum Requirements Committee appointed by the Committee Chairman, will visit the bidding league to review requirements and meet with various host committees no later than four weeks prior to presentation of bid to the National Board. Representatives of the local press, the city government, all local news media and service clubs should be invited to attend at this important meeting. Written reports of these inspections will be included in the director's board book for the annual meeting.

f) Within six to eight weeks preceding the World Series, members of the original "Initial Inspection Team" shall visit the host site and perform a final inspection. Any expenses of this final inspection will be the responsibility of Dixie Youth Baseball, Inc. If the final inspection reports do not comply with the requirements listed herein, the Commissioner will convene a conference call with the World Series Minimum Requirement Committee to determine the appropriate action.

g) All requirements shall be in place 60 days prior to the beginning of each World Series. If the minimum requirements have not been met at that time, the Commissioner may take any actions necessary to meet the minimum requirements and, if necessary, draw upon the posted bond, letter of credit, or cash deposit to reimburse DYB for any costs incurred.

h) Any organization bidding for rights to host a future Dixie Youth World Series will be required to pay \$2,000 for the purpose of defraying the cost of the "Initial Inspection" team who will travel to the potential host city for an initial inspection meeting with the proposed World Series host committees to review their plans for a Series and inspect playing fields and other facilities. This fee is non-refundable.

i) The winning bidder must have one representative remain for the entire World Series to attend all events. The representative must meet with the World Series Requirements Committee to review all of the World Series requirements.

j) Dixie Youth Baseball will require a \$50,000 letter of credit which will be returned to the World Series Host upon fulfilling these specified minimum requirements, including but not limited to, the receipt of the required financial statement in pursuant to paragraph #41; payment of all trophy and awards invoices pursuant to paragraph #14, and payment of invoice for umpire caps pursuant to paragraphs #47 and #56 and all umpire fees as specified in Requirements #48 and #57. DYB will draw on the letter of credit to pay any invoices or reimburse DYB for any expenses not paid by the Host prior to the beginning of the World Series but not later than October 31 after the World Series; EXCEPTION: Letter of Credit requirement waived if contract is signed by a municipality's mayor or equivalent of any governmental agency;

k) A contract will be issued to the Host organization by the Commissioner. This contract which sets forth the minimum requirements for the host must be signed and returned to the Commissioner's office along with the letter of credit.
