

2019 SWLL SOFTBALL REGISTRATION

The South Windsor Little League offers fastpitch softball for girls between the ages of 7 and 12. The softball program for 2019 will consist of three levels of play: Minors AA, Minors AAA, and Majors. Eligibility for each division is dependent on a player's softball league age and experience. A player's softball league age for the 2019 season is her age as of December 31, 2018.

Minors AA: The Minors AA softball division is open to girls from softball league age 7 to 9. This level is a coach pitch division meant to transition younger players to softball. Players will learn the basic skills of hitting, fielding, throwing, base running as well as being introduced to the rules of fastpitch softball for the first time.

Minors AAA: The Minors AAA softball division is open to girls from softball league age 9 to 11. While the emphasis is still on basic skill development, this level is more competitive than the Minors AA division with pitching being a combination of player and coach pitch.

Majors: The Majors softball division is open to girls from softball league age 10 to 12. This level is more advanced than the Minors AAA division and all of the official Little League softball rules apply. All games are pitched by players (no coach pitch). Players will learn advanced hitting, fielding and base running.

For all levels of play, teams will typically play or practice a maximum of three times per calendar week from early April until the middle of June. Player evaluations for determining team assignments will be held in early March. All players registered for softball will be contacted by the league through email in February with the evaluation schedule and details. Players who register after the evaluations / team assignments may be accepted into the league, however it will be on a case by case basis and solely dependent on roster availability.

The South Windsor Little League will be offering FREE pre-season softball clinics to all players registered for the 2019 softball season. Clinics will be held at the Rotary Hitting Facility which is located behind the South Windsor Community Center on Nevers Road.
