

USA Hockey Goaltending Development Model

Goaltending Development Coordinator Responsibilities

- Educate and facilitate clubs and associations in implementing a Goaltending Development Curriculum. Including providing Coaching Coaches Clinics, coaching materials and support.
- Develop and cultivate relationships with goaltending coaches within the affiliate. Create a database and remain in contact with the goalie coaches, sharing ideas and information on goaltending development.
- Work with club and association goalie coaches on improving goaltending culture. Focus on head coach and assistant coach integration into goalie coaching at team practices and goalie sessions.
- Train and assist association goalie coaches on season planning and goalie clinic structure and organization.
- Provide support and facilitate grass roots programs (Try Goalie Days, Association Coaching Coaches Clinics, and Quick Change Pads).
- Assist District Coach-In-Chief when needed in all facets of the Coach Education Program as it pertains to goaltending.
- Attend annual meeting to collaborate and build on Goaltending Development Model. Meeting location and curriculum will be announced each year at the USAH Winter meetings.
- Collaborate with other goalie coaches to continue professional development.
- Remain focused on the principles of long term athlete development.
