

MAISL Night at UW Women's Basketball – 2019

MAISL would like to thank the UW Women's basketball team for a great night. Here's what a few of our coaches had to say:

"We are so thankful for this opportunity to watch the women badgers play (and win) an exciting game of college basketball and to bond together as a team. It was also exciting to see our team picture up on the big screen..." Megan Morgan, HPCS

"... had a great time watching the Badgers. Great experience!!" Sue Angileri, IHM

"It was a terrific night to get our players together outside of our regular basketball schedule (and) learn by watching great players play the game..." Chris Ethen, St. James

"The girls had a blast... a great team building experience. It was a great win for the Badgers!" Jodi Poels, St. Dennis

"(Our team) cheered and danced all game long... We really enjoyed the whole experience..." Eric Bunders, QP

"We had a number of players new to basketball on our team this year... the UW women's game allowed them to see the things we talk about each practice - passing, spacing, movement - in action... and (we) got to hang out with Bucky. It was great!" Sara Mess, Eagle School
