Attendance Policy We have a policy but it was never added to the online version of the by-laws. The policy as of December 2013 states: "Practice time is essential to the development of the player and the team as a whole, this is where the player will develop, not in games. While still believing in fair game time for all players, those that miss practices on a consistent basis are not helping themselves or their team. Disciplinary action can be taken in the following format for missed practices:	Stacey will find this and send to board members - done

<p>4 missed practices - coach has right to bench for 1 game 8 missed practices - TCYH benches you for 1 game 12 missed practices - meeting between TCYH Board and player as to why they should be able to participate in games for the rest of the season.</p> <p>Documented injuries that prevent a player from practicing will not count towards this limit.</p> <p>It would be up to the coach or manager of the team to inform the board of these missed practices."</p>
