Introduction

This document determines the rules for the Texas High School Lacrosse League (THSLL) and is under strict control of the THSLL Board of Directors (the “Board”) and ownership of the Texas Scholastic Lacrosse Association, Inc. (TSLA). The Board is comprised of volunteers throughout the State of Texas.

Overview

The Texas High School Lacrosse League (THSLL) (the “League”) is the governing body and membership association for boys’ lacrosse (THSLL Member School Programs) at the high school level in Texas. The high school level is defined as grades nine through twelve.

THSLL Guiding Principles

- Creating a structured environment in which student athletes, coaches, administrators, and parents benefit. From membership in an organization that facilitates the growth and rewards of playing lacrosse.
- Promoting and protecting the health of participating student athletes by establishing uniform rules of play and cultivating the ideals of good sportsmanship, loyalty, and fair play.
- Honoring the Game of lacrosse by leading by example, and interpreting and applying the THSLL rules such that all THSLL players, coaches, officials, administrators, parents, and fans conduct themselves in a manner that demonstrates respect for other players, coaches, officials, administrators, parents, and fans.
- Working in harmony with the interscholastic governing bodies of THSLL Member School Programs, and other concerned Texas constituencies.
- Establishing and maintaining a process for continuous improvement of the League, by working with THSLL Member School Programs, and other concerned Texas constituencies.
- Building school-based boy’s lacrosse Teams in Texas (all players on a Team attend the same source high school, and ideally lacrosse is recognized as a school sport by the athletic director, and if a public high school, recognized as a school sport by the independent school district.)

ZERO TOLERANCE for discrimination, abuse, and misconduct

The Texas High School Lacrosse League (THSLL) is committed to creating a safe and positive environment for all its THSLL Member School Programs’ participants’ physical, emotional, and social development and ensuring it promotes an environment free from discrimination, abuse, and misconduct. The THSLL has ZERO TOLERANCE for discrimination, abuse, and misconduct including, but not limited to, Sexual Abuse, Physical Abuse, Emotional Abuse, Bullying, Threats, Harassment, and Hazing.

All THSLL Member School Programs participants should familiarize themselves with each and refrain from engaging in any form of discrimination, misconduct, or abuse. In the event any THSLL Member Program participant observes inappropriate behaviors, suspected physical and/or sexual abuse, or any other type of abuse or misconduct, it is the personal responsibility of each such person to immediately report their observations to a THSLL Board Member as outlined on the THSLL.org website under Site Navigation/Board of Directors, and communicate immediately with a THSLL Board Member via the Contact Us tab.

In addition to reporting within THSLL, such persons should also report suspected THSLL Member School Program participant physical or sexual abuse to appropriate law enforcement authorities as required under applicable Texas law. THSLL Member School Program participants should not attempt to evaluate the credibility or validity of child physical or sexual abuse allegations as a condition for reporting to appropriate law enforcement authorities.

THSLL Member Teams

Member Teams consist of Varsity and Junior Varsity Teams. The League is divided into Districts and Divisions.

DI	DII	DIII	At Large
North	North	North	
Central	Central	Central	
South	South	South	
	San Antonio	San Antonio	

Division I is made up of Member School Programs that are more established lacrosse programs. DI teams have bylaws, procedures, a designated head coach and president, reasonable relations with their host school and/or city / community, and JV and Varsity high school Teams which play a full back to back JV and Varsity schedule. Division II is targeted at development of lacrosse programs. Division II Member School Programs must have bylaws, procedures, a designated head coach and president, reasonable relations with their host school and community, and play a Varsity schedule. Division III is a new team—working towards critical mass of players, coaches, funding, fields, administrative support and school and community support. DIII Teams must have bylaws, procedures, a designated head coach and president, reasonable relations with their host school and/or community. DIII Teams have a maximum of 2 years to transition to DI or DII unless an extension is approved by the Board. At Large Teams are outside of Districts and must have bylaws, procedures, a designated head coach and president, reasonable relations with their host school and/or community. There will be no playoffs or championship games.

General League Rules

1.0 Member Teams

The THSLL shall be comprised of Member School Programs made up of one or more Member Teams. Member School Programs shall include those organizations paying annual League dues to THSLL, and by their participation in the THSLL, players/parents, coaches, and administrators all agree to accept and abide by the THSLL Rulebook and THSLL Board determinations and decisions as allowed for in the TSLA, Inc. Bylaws and THSLL Rulebook. A team must be one of the types listed in the Team Types section. All such Member School Programs, (having paid all required League dues for, and during, the current THSLL season) will be declared "In Good Standing", will be entitled to vote at any Member School Program meeting, and will be entitled to participate in League events and play League games during the THSLL season.

Each Member Team must submit annual dues payments to the Treasurer. If special dues assessments are required, they will be assessed and invoiced on a quarterly basis. Member Teams must submit special dues assessments payments to the Treasurer within 30 days of the invoice date. Failure to pay dues as per the Timetable (See Appendix C) will result in penalties as described in the Penalty Matrix (See Appendix C). The annual dues amount shall be established at the Annual Meeting of the Member School Programs. Special dues assessment amounts will be established based on the cost of required, ongoing legal fees generated in defense of the THSLL and the TSLA, Inc.

2.0 New Member Teams

New Member Team applications shall be made through the Commissioner, and shall be voted on at the Annual Meeting, a special meeting, or at a Board meeting. The application shall consist of a letter to the Commissioner detailing the new Member Team's startup plan and intentions. The THSLL Board will vote to approve or deny membership to the THSLL Board nominee. New Member Teams will be designated as DIII Teams for 8.0 Eligibility purposes unless the District/Division agrees to allow

them to be designated as a DII Team. New Member Teams with only a JV Team will still be designated as a DIII JV Team or DII JV Team for eligibility purposes. New Member Teams must be in compliance with THSLL rules immediately upon acceptance into the THSLL.

3.0 Divisions and Districts

3.1 Divisions

The League shall be divided into Divisions governed by all General Rules outlined herein. Each District, with Board approval, will determine which Member Teams participate in a Division.

3.2 Sub-Divisions

Divisions may be further divided into Sub-Divisions based on the level of competitiveness of Member Teams. Each District, with Board approval, will determine which Member Teams participate in a Sub-Division.

3.3 Divisions

Divisions within the THSLL were created to accommodate developing JV and Varsity Member School Programs, to alleviate scheduling issues, and to create a tier of competition appropriate for such Programs. Each Division by District, with Board approval, shall determine the selection process for movement by Member Teams. When, and if, to add a new Member Team shall be a Division by District decision, and require Board approval. Teams meeting the minimum suggested criteria should automatically qualify to move to Division I. Minimum suggested criteria for election from DII to DI are as follows:

- 1) Head Varsity Coach
- 2) Regular Practice Schedule
- 3) Field availability for games and practices
- 4) Feeder System-viable middle school program
- 5) High Degree of success within DII
- 6) Established and Active Booster Club or Association

3.4 Districts

Each Division shall be divided into Districts.

3.5 Authority

Each Division and District also has the authority to establish supplemental rules governing their Division and/or District according to the process defined in Section 5 and Section 6.

4.0 Championships

Subject to THSLL Eligibility Rules (Section 8.0), Division I Member Teams with 100% of their players from their Program's single school attendance zone, inclusive of and considering Board approved eligibility waivers, and Division II Member Teams with 50% or more of their players from their Program's single school attendance zone, inclusive of and considering Board approved eligibility waivers, are eligible to participate in State Championships. Any exceptions to this rule must be approved in writing by the Board.

4.1 District Championships

District champions for each Division and District, DI and DII, shall be determined by each of the District Coordinators and the corresponding Division and District coaches (See sections 19.3 and 19.4). District tournament hosts shall follow District Tournament Standards, (See section 19.1). There will be no DIII District Playoffs or District Championships.

4.2 State Championships

4.2.1 DIII State Championships

There will be no DIII State Playoffs or State Championship.

4.2.2 DI State Championship

- The Division I State Championship finalists will be determined through a 12 Team DI Playoff.
- Teams 1-4 will have first round byes.
- Two Super Regional Tournaments will be conducted on a Saturday and Sunday format.
- Super Regional Tournament locations will rotate annually (See section 19.2).
- The State Championship will follow on the next weekend with Semifinals on Saturday and Finals on Sunday.
- State Championship hosts shall follow Championship Tournament Standards, (See section 19.1).

4.2.3 DII Championship

The 16 qualifying teams are seeded based upon a predetermined formula.

- The four (4) regional tournaments will follow a Saturday/Sunday format the weekend before the State Championship.
- Within each region, the #1 seed plays the #4 seed, and the #2 seed plays the #3 seed on Saturday. The winners of those games play each other on Sunday to determine the Regional representative team to play for the State Championship the following weekend.
- The State Championship on the following weekend will have the same structure, with semifinals on Saturday and the championship game on Sunday.

4.3 State Championship Host District Venue

The combined DI and DII State Championship weekend host location shall rotate among the three DI Districts. This rotation of host Districts shall continue unless amended (See section 19.2).

4.3.1 State Championship Event Timing

The Division I and Division II State Championships weekend shall be on or about the second weekend in May, as the Board shall determine. As this event is the highlight of the THSLL season it is imperative that the host Districts begin planning for the State Championship weekend as early as possible to ensure their success.

4.4 Tie Breaker

Seeding for post-season activities will be determined using the following procedures.

- A district game is defined in the schedule with a game type of "District". District teams may play each other more than once, but only games designated as "District" on the schedule will count towards seeding.
- Seeding is calculated by the number of wins against teams in the same division (Division I or II), district (North, South, etc.), and conference (East, West, etc.).
- Teams will be sorted by wins in descending order.
- A tie will not count towards a win or a loss.
- Forfeited games result in a winning score of 1-0 with the win being given to the team not initiating the forfeit. BoD reserves the right to adjust forfeited game scores or alternative method in extreme cases.
- All district games must be played. Any district games not completed by the deadline will be given a 0-1 loss for both teams. *BoD reserves the right to adjust as needed in extreme cases.*
- The top X teams will be selected in descending order starting with the most wins. The number of teams being seeded may be different between districts. The number of teams selected is decided pre-season during the district breakout sessions.

Tie Breaking Procedures

In every situation possible, head to head results are primary.

- a) The tied teams will be placed in a sub group. The process outlined in steps 1 through 4 in b) below will be utilized for each seeding position. In a Multi-way tie, the process will first determine the highest seed in question and then be repeated again for the next seed, and continue until all tied teams are seeded.
- b) The following steps are used, in order, to break ties for each seeding position:
 1. The highest seed is determined by District wins against Teams within the sub group.
 2. If a tie remains after step 1, teams will be ranked by Head-to-Head competition within the sub group. In the event of a Three-way tie within any sub group; the selection will also be based on a head-to-head comparison.
 3. If all of the Teams have one win over the other teams in the tie (Team A has defeated team B, team B has defeated team C, and team C has defeated Team A etc.) then the selection shall be based on the difference in scores between those three games:
 - i) The winner will receive a plus for each goal above the goals by the other team, and the loser will receive a minus for each goal below the goals for the other team.
For example – Team A defeated team B by the score of 8 to 5, team A would receive a plus 3 and Team B would receive a minus 3.
 - ii) The difference in goals for the remaining two games (B Vs C and C Vs A) would be likewise calculated, and the Team with the largest positive value would be selected.
 4. Should step 3 not break the three-way tie, there will be a coin flip. All 3 head coaches meet, and coins will be flipped. They flip and odd side out wins. The remaining two go back to step 1.
- c) Once steps 1 through 4 have been completed, there will be one clear winner from the sub group. If two teams remain tied, steps 1 through 4 are used to break the remaining tie. If more than two teams remain, steps 1 through 4 are used to identify one clear winner per iteration until all ties are resolved.
- d) To seed any remaining tied teams, the tiebreaker process will be repeated recreating the sub group with the remaining teams.

For example, there is a three-way tie to determine the #3 and #4 slots in a district. Team A, B, and C are all in a three-way tie each having one win over the other. We calculate the point differential for the three teams. Team A has -2, Team B has 5, and team C has 4. Since Team B has the highest differential, they are awarded the #3 slot. The three-way tie is used to solve for one slot and then the process is repeated for #4. The two remaining teams have the same record but Team A has the head to head tie breaker over Team C. So Team A is awarded the #4 slot.

A three-way tie differential will not be used to award more than one slot at a time.

Supporting documentation, a signed petition, and/or written acknowledgements demonstrating support by at least 20% of the THSLL Member School Programs, of which 50% must be from outside the submitting THSLL Member School Program's District, must be submitted.

The General Rules related to League structure and directly related rules may be revised or amended at any meeting of the Member School Programs in accordance with the requirements of Section 5 with a 67% super majority vote of all of the active, annual fee-paying THSLL Member School Programs, in person or by proxy. Each Member School Program gets a single vote on each voting matter.

THSLL Member School Programs submitting General Rule change proposals related to League structure to be considered at the THSLL State Meeting are required to provide a detailed proposal using the THSLL Rule Change form. Supporting documentation, a signed petition, and/or written acknowledgements demonstrating support by at least 20% of the THSLL Member School Programs, of which 50% must be from outside the submitting THSLL Member School Program's District, must be submitted.

The Board, according to the TSLA, Inc. Bylaws, Section 3.2: General Powers, has final authority on League Rules related to League play and structure. If rule changes are proposed by THSLL Member School Programs and in the majority opinion of the Board are in direct conflict with the TSLA, Inc. Bylaws and THSLL Rulebook, the Board may at its option exercise these powers.

TSLA, Inc. Bylaws, Section 3.2. General Powers. The government of the Corporation, the direction and management of its affairs, and the control of its property, shall be vested in the Board, which may exercise all such powers of the Corporation and do all such lawful acts and things as provided by statute or by the Articles of Incorporation or by these Bylaws, including, without limitation, the promulgation of League and Division rules, the appointment of committees or task forces, and the delegation of such management authority to the Member School Programs or otherwise.

7.0 Dues & Information

Each Member Team must submit annual dues payments to the Treasurer. If special dues assessments are required, they will be assessed and invoiced on a quarterly basis. Assessed Member Teams must submit special dues assessments payments to the Treasurer within 30 days of the invoice date. Failure to pay dues as per the Timetable (See Appendix C) will result in penalties as described in the Penalty Matrix (See Appendix C). The annual dues amount shall be established at the Annual Meeting of the Member School Programs. Special dues assessment amounts will be established by the THSLL Board based on the cost of required, ongoing legal fees generated in defense of the THSLL and the TSLA, Inc.

8.0 Eligibility

Students enrolled in grades 9 through 12, enrolled as a full-time day student in high school and have not graduated from high school are eligible to play on a THSLL Member School Program Varsity Team. Students enrolled in grades 9 through 11 are eligible to play on a THSLL Member School Program Junior Varsity Team.

The connection between the school the student athlete attends, and the THSLL Member School Program/Team for which the player is eligible to play is firmly engrained in the THSLL Guiding Principles. The THSLL was founded on the principle that students who attend the same school must play on the same team. This is consistent with the approach used by UIL recognized sports. This concept of school-based teams is repeatedly referenced in THSLL rules, and further clarified in 8.0 eligibility.

It is the responsibility of each THSLL Member School Program to see that student athletes do not compete unless they comply with all THSLL eligibility rules. It is also the responsibility of the student athlete and their family to observe and obey the THSLL rules according to the THSLL Rulebook.

According to THSLL rules, students are eligible to represent their Member School Program in THSLL activities during the THSLL Season (as defined in Appendix C of the THSLL Rulebook) if they:

- have not graduated from high school,
- are full-time, day students in the school, and have been in regular attendance at the school since the 6th class day of the present school year, or have been in regular attendance for 15 or more calendar days before the contest or competition, or are home schooled,
- are in compliance with state law and rules of the Commissioner of Education, (see TEA-UIL Side by Side)
- are enrolled in a four-year, normal program of high school courses, and initially enrolled in the 9th grade not more than 4 years ago nor in the 10th grade not more than 3 years ago, or are home schooled,
- are not in violation of any THSLL rule,
- meet the specific eligibility requirements for their THSLL Member School Program,

- are less than 19 years old on September 1 preceding the THSLL Season or have been granted eligibility based on a disability that delayed their education by at least one year,
- live with their parents inside the school district attendance zone their first year of attendance,
- have not moved or changed schools for athletic purposes, and
- were eligible according to the district fifteen-day rule and residence rule prior to district certification

THSLL eligibility rules support the THSLL Member School Program driven philosophy of school-based lacrosse. The THSLL Member School Program a student plays for is determined based on THSLL priority order – school, attendance zone, independent school district, and then adjacent independent school district and is determined in the sequence below:

FIRST, SECOND, THIRD. To arrive at a student’s THSLL Member School Program based on THSLL eligibility, the paragraphs below must be considered from content and context perspectives collectively- and in sequence

FIRST: A student who attends a public or private school with a THSLL Member School Program must play for that Program.

A student enrolled in a home school or correspondence school is defined as a private school student for THSLL eligibility purposes, per 8.5, Home School.

A student who attends a private school with no THSLL Member School Program and lives in an attendance zone of a DI THSLL Member School Program can make a one-time decision to play for the “Closest” DI Program, if the DI Program allows it. “Closest” here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student’s home or private school to the DI Program. Once he makes the one-time decision he must play for that Program for the remainder of his high school eligibility. If the DI Program does not allow it then the student can make a one-time decision to play for the “Closest” DII or DIII THSLL Member School Program to where he lives or to the private school he attends, within that independent school district. Once he makes the one-time decision he must play for that Program for the remainder of his high school eligibility, unless there is a change in his eligibility status according to 8.1 to 8.9 If one or more of these changes occurs, his eligibility will be reviewed against 8.0 Eligibility to determine his Member School Program. “Closest” here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student’s home or private school to the DII or DIII THSLL Member School Program (school address), in that independent school district.

A student who attends a private school with no THSLL Member School Program and does not live in an attendance zone of a DI THSLL Member School Program can make a one-time decision to play for the “Closest” DII or DIII THSLL Member School Program to where he lives or to the private school he attends, within that independent school district. Once he makes the one-time decision he must play for that Program for the remainder of his high school eligibility. “Closest” here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student’s home or private school to the DII or DIII THSLL Member School Program (school address), in that independent school district.

SECOND: A student who does not attend a school in and does not live in the attendance zone of a school with a THSLL Member School Program, but lives in an independent school district or attends a school in an independent school district with a THSLL Member School Program, must play for that Program, if it is a DII or DIII THSLL Member School Program. If the independent school district has more than one THSLL Member School Program the student must play for the “Closest” DII or DIII THSLL Member School Program to where he lives or to the school he attends, within that independent school district. Once he makes the one-time decision he must play for that Program for the remainder of his high school eligibility, unless there is a change in his eligibility status according to 8.1 to 8.9 If one or more of these changes occurs, his eligibility will be reviewed against 8.0 Eligibility to determine his Member School Program.

THIRD: A student-who lives in or attends a school in an independent school district that does not have any THSLL Member School Programs must play for the “Closest” DII or DIII THSLL Member School Program to where he lives or to the school he attends. “Closest” here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student’s home or school he attends to the DII or DIII THSLL Member School Program (school address). Once

he makes the one-time decision he must play for that Program for the remainder of his high school eligibility, unless there is a change in his eligibility status according to 8.1 to 8.9. If one or more of these changes occurs, his eligibility will be reviewed against 8.0 Eligibility to determine his Member School Program.

8.1 Matriculation

If a Division II Member Team matriculates to Division I, any player on their Member School Programs' valid, approved roster from the prior THSLL season will be allowed to continue with the same Member School Program until they have exhausted their four-year high school eligibility, unless there is a change in his eligibility status according to 8.1 to 8.9. If one or more of these changes occurs, his eligibility will be reviewed against 8.0 Eligibility to determine his Member School Program.

Incoming freshmen to the Division II Member Team are also allowed to continue with the same Member School Program for their four-year high school eligibility, unless there is a change in his eligibility status according to 8.1 to 8.9. If one or more of these changes occurs, his eligibility will be reviewed against 8.0 Eligibility to determine his Member School Program.

If the newly matriculated Division I Member Team does not allow it, the student must play for the "Closest" DII/DIII Member School Program to the school he attends or to where he lives, within that independent school district. If there is not a DII/DIII Member School Program in that independent school district, then the student plays for the "Closest" DII/DIII Member School Program to the school he attends or to where he lives. "Closest" here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student's home or school he attends to the DII or DIII THSLL Member School Program (school address). Once that decision is made, the student remains with their Member Team of choice for the remainder of their four-year high school eligibility, unless there is a change in his eligibility status according to 8.1 to 8.9. If one or more of these changes occurs, his eligibility will be reviewed against 8.0 Eligibility to determine his Member School Program.

At the direction of the THSLL Board, a Division II program can be designated as a "Transitional DI Program", that may require the selected program to compete at the Division I level within their district the following season. Division II programs being considered for matriculation shall complete a "THSLL Matriculation to Division I Plan" to the THSLL Board for approval detailing steps to bring current team roster participation within THSLL eligibility requirements in place. If the program fails to submit a plan, the program will be required to comply with a Board generated plan. Program being considered for matriculation will be evaluated based on the following criteria

- a) Input from DI and DII teams within the District
- b) The DII team satisfies the suggested criteria in paragraph 3.3 for moving from DII to DI.
- c) Current roster level percentages and compliance with THSLL eligibility rules.
- d) Other factors affecting compliance with THSLL eligibility rules.

8.2 New Team Formation

When a new THSLL Member Team is formed, incoming freshmen, and existing players that were on the valid, approved roster for the DII or DIII Member School Program affected by the new Member Team formation are granted a one-time decision to remain with that Member Team or move to the new Member Team at the time of Program formation. Once that decision is made, the student remains with their Member Team of choice for the remainder of their four-year high school eligibility, unless there is a change in his eligibility status according to 8.1 to 8.9. If one or more of these changes occurs, his eligibility will be reviewed against 8.0 Eligibility to determine his Member School Program.

8.3 ISD Action

In the event of independent school district action (reorganization and/or changes to attendance zones/boundaries), and that action affects one or more existing THSLL Member School Programs from an eligibility perspective, the THSLL Member School Program will be protected (current valid, approved roster, incoming

freshmen, and current eighth graders), inclusive of and considering Board approved waivers. If during this two THSLL season protection period, additional independent school district action affects one or more of the previously affected THSLL Member School Programs from an eligibility perspective, the Board will consider those circumstances as separate events.

8.4 District Eligibility Committee

The District Coordinators for a District may appoint an eligibility committee to make recommendations to the District Coordinators regarding eligibility questions.

8.5 Home School

A student enrolled in a home school or correspondence school is defined as a private school student for THSLL eligibility purposes, and must provide written notification of their academic status to the THSLL Board of Directors through their District Coordinator. The notification must include dates of enrollment, home address used for determining public school attendance zone, a copy of the THSLL Member School Program roster, and the signature of the parent or legal guardian. If the student was previously on a THSLL Member School Program roster, the notification should include the name of the THSLL Member School Program and dates the student played for the THSLL Member School Program.

8.6 Time of Eligibility

The attendance of a student’s first high school class determines the start of his THSLL eligibility, his THSLL Primary Member School Program Eligibility, and his THSLL primary family residence. Students (players) have a total of four (4) seasons of THSLL eligibility during high school. The District Coordinator and Commissioner will determine if a player is eligible. A student’s Primary Member School Program Eligibility is determined by the THSLL eligibility rules that were in effect at the time of their initial THSLL eligibility determination.

8.7 Switching Program Enrollment

A transfer is a student who moves to another THSLL Member School Program after establishing Primary Eligibility (see Time of Eligibility). Players who switch enrollment between Member School Programs while the THSLL season is underway, must notify their District Coordinator in writing and must wait two (2) weeks after the change of enrollment notification before participating in THSLL sanctioned events and League games.

8.7.1 JV Transfers

A transfer student is eligible for THSLL JV events and games when the student’s family moves their primary residence and/or changes the student’s school attendance, and provides a signed proof of enrollment, and he complies with all other rule provisions.

8.7.2 Varsity Transfers

A transfer student is eligible for THSLL Varsity events and games when the student’s family moves their primary residence, and/or changes the student’s school attendance, and provides a signed proof of enrollment, and he complies with all other rule provisions.

8.7.3 Non-Compliance

A Transfer that does not comply with all eligibility provisions will be deemed ineligible to play in THSLL sanctioned events and League games. A Transfer that does not comply with other provisions required for switching Member School Program enrollment will be ineligible for one calendar year of THSLL Varsity or JV events and games.

8.7.4 Hardship

Waivers regarding Varsity and/or JV transferring enrollment will be considered for financial hardship, divorce, and distance/safety reasons, and private school curriculum challenges.

A student seeking to change Member School Programs based on extreme hardship may seek a hardship waiver of the eligibility requirements. A hardship is defined as an unforeseeable, and unavoidable condition or event that causes the imposition of a severe and non-athletic burden upon the student or his family. A hardship may include, but is not limited to, financial hardship, divorce, or curriculum challenges.

To be eligible for a hardship waiver the THSLL Member School Program requesting the waiver on behalf of the student must provide the THSLL Rules Enforcement Governance Process Affidavit & Mutual Non-Disclosure Agreement (MDNA) v1.0_2017 completed and signed by a parent or legal guardian describing the facts and circumstances that give rise to the hardship. The THSLL Rules Enforcement Governance Process Affidavit & Mutual Non-Disclosure Agreement (MDNA) v1.0_2017 must be accompanied by documented proof of the hardship circumstance, and all facts to be considered must be submitted at the time of request.

For example, if the reason for the hardship waiver request is divorce, a copy of the final decree of divorce should be submitted with the sworn statement. A copy of the THSLL Rules Enforcement Governance Process Affidavit & Mutual Non-Disclosure Agreement (MDNA) v1.0_2017 and supporting documentation must be provided to the Member School Program where the student is currently eligible and to the Member School Program where the student seeks to transfer.

Any information provided by a student or the student's family to support a hardship waiver request is confidential and should be disclosed only to those THSLL Member School Program officers or board members necessary to evaluate the request (along with the signed THSLL Rules Enforcement Governance Process Affidavit & Mutual Non-Disclosure Agreement (MDNA) v1.0_2017) and should not be disclosed to any third party (whether an individual, corporation, or other entity) without prior written consent of the student's family. If the THSLL Member School Program where the student seeks to transfer accepts or allows the request, the Member School Program shall provide the waiver request form, along with the THSLL Rules Enforcement Governance Process Affidavit & Mutual Non-Disclosure Agreement (MDNA) v1.0_2017 and supporting documentation, to the THSLL Board for consideration.

A copy of the waiver request form should also be provided to the THSLL Member School Program where the student currently has eligibility at the same time as the waiver request form is provided to the THSLL Board. If the THSLL Member School Program where the student has current eligibility objects to the requested hardship waiver request for any reason, it must provide a written explanation of the basis for the objection and provide any documentation or information necessary to substantiate the objection to the THSLL Board within 30 days after the date the Member School Program received notice of the waiver request from the other THSLL Member School Program. Hardship waiver request shall be considered by the THSLL Board as outlined in rule 8.9 herein.

8.7.5 Cuts

A Cut/Released player is a student athlete in good standing for the current THSLL Season and is not subject to any current disciplinary actions by his current THSLL Member Team and/or the League as defined in THSLL 11.0 Improper Behavior. The player has been formally Cut/Released from his THSLL Member Team by a written release signed by the Head Coach. A Cut/Released player will be allowed to play for another THSLL Member School Program as per THSLL 8.0 Eligibility guidelines, subject to Board approval.

8.7.6 Varsity Head Coach's Son Transfer

The son of a THSLL Member School Program Varsity Head Coach may make a one-time decision to play for the THSLL Member School Program his father coaches versus the THSLL Member School Program he is required to play for based on the THSLL 8.0 Eligibility Rule. Once that decision is made, the student athlete must play for that THSLL Member School Program for the remainder of his high school eligibility, unless there is a change in his eligibility status according to 8.1 to 8.9. If one or more of these changes occurs, his eligibility will be reviewed against 8.0 Eligibility to determine his Member School Program.

8.7.7 Eighth Grade Players

Players enrolled in the eighth grade are not eligible to play in THSLL sanctioned events and League games. Players in the eighth grade, subject to the approval of the appropriate District Coordinator and Commissioner, may be a member of a THSLL JV Team or new Member Team for practice purposes only and are subject to all of the same rules determining the appropriate Member School Program for which to play as players enrolled in grades nine (9) through twelve (12). If a Member Team plays eighth graders in THSLL sanctioned events and League games, the Member Team will be suspended from THSLL for the remainder of the season, and the THSLL future member status will be reviewed.

8.7.8 Stranded Player Rule

Waivers regarding stranded players will be considered for distance/safety reasons, and will be submitted by the Coordinator for consideration by the THSLL Board. A player is declared a stranded player when the THSLL Board determines that applying the 8.0 eligibility rules creates a distance/safety issue.

8.8 Dual Division Programs

Member School Programs with more than one Member Team may compete in both DI and DII Divisions during a single THSLL season provided that all rules governing Dual-Division Programs have been met. A newly formed Team must apply for membership as required of all new Member Teams by the General League Rules.

Prior to playing League games or as otherwise required by the District Coordinator, the roster for each Member Team must be submitted to the State Administrator. The District Coordinator will make these rosters available to any Coach or designated Member Team Representative.

Once a player plays on the Division I Varsity team in a THSLL game, he may not play on the Division II Varsity team for the remainder of the season, including post season games. Players from a Junior Varsity Team may play on either the DI or DII Team within the Member School Program. Once a JV player plays on the Division I Varsity team in a THSLL game, he may not play on the Division II Varsity team for the remainder of the season, including post season games. He may not play on the Division II Varsity team as a swing player. Players from a DII Varsity Team may move to a DI Team within the Member School Program. However, once he plays in a Division I game, he is no longer eligible to play in a Division II game.

Once a player plays on the Division II Varsity team in a THSLL game, he may not play on the Division III Varsity team for the remainder of the season, including post season games. Players from a Junior Varsity Team may play on either the DI or DII Team within the Member School Program. Once a JV player plays on the Division II Varsity team in a THSLL game, he may not play on the Division III Varsity team for the remainder of the season, including post season games. He may not play on the Division III Varsity team as a swing player. Players from a DIII Varsity Team may move to a DII Team within the Member School Program. However, once he plays in a Division II game, he is no longer eligible to play in a Division III game.

Personnel associated with the Member Teams are responsible for promptly notifying the State Administrator of any additions/changes to the Team rosters as they occur and prior to player activation on a Team within the Program. Dual Division Programs must have DI, DII and JV rosters with 21 unique individuals on each roster.

Dual Division Team rosters are locked from any movement between DII and DI after the District playoffs and before Super Regionals.

8.9 Exceptions to Eligibility Rules

Any exceptions to these eligibility rules must be approved in writing by the Board. A Member School Program or player may appeal the decision of the Board to the Commissioner, by sending a written request for a determination to the Commissioner within thirty days after being notified of the Board's decision through the District Coordinator. Such request shall include all information sent with the original waiver request, and any additional information or statement that the Member School Program or player wishes the Commissioner to consider. The ruling of the Commissioner shall be final on all such eligibility matters.

Exceptions to THSLL Eligibility 8.0 rules require formal written THSLL Waiver Requests generated by a THSLL Member School Program. THSLL Waiver Requests cannot be generated and/or submitted by parents of players. THSLL Waivers submitted prior to the start of a THSLL Season are considered for the upcoming THSLL Season, and if granted, and the submitting Program is requesting a multiple year waiver, must be revisited annually by the THSLL Board, including consideration for any eligibility status changes.

A THSLL Waiver Request from a THSLL Member School program must be accompanied by a THSLL Rules Enforcement & Governance Process Affidavit & Mutual Non-Disclosure Agreement (MDNA) v1.0_2017 (see **22.0 THSLL Rules Enforcement & Governance Process**) signed by the parents of the player(s) involved in the THSLL Waiver Request, and the representatives from the THSLL Member School Program making the request. These affidavits are acceptance by the parents and the THSLL Member School Program submitting the THSLL Waiver Request that they are subject to Deposition and/or Discovery requirements if disputes, legal challenges, and/or litigation arise as a result the THSLL Waiver Request.

The THSLL Member School Program(s) affected by the THSLL Waiver Request, after signing the THSLL Rules Enforcement & Governance Process Affidavit & Mutual Non-Disclosure Agreement (MDNA) v1.0_2017, will receive copies of the THSLL Waiver Request and subsequent information.

THSLL Waiver Requests are considered and must be approved by a majority of the THSLL Board, and determinations/decisions are communicated back to the initiating THSLL Member School Program and the affected THSLL Member School Program(s) in writing. THSLL eligibility determinations/decisions are final, and can be appealed by the THSLL Member School Program submitting a THSLL Waiver Request, or by the affected THSLL Member School Program(s) to the THSLL Commissioner by the appeal process outlined in the THSLL Rulebook

If an appeal is submitted, the affected THSLL Member School Program(s) will ~~also~~ receive a copy of the appeal, and the resulting decision, assuming they have signed the THSLL Rules Enforcement & Governance Process Affidavit & Mutual Non-Disclosure Agreement (MDNA) v1.0_2017.

Decisions by the THSLL Commissioner on appeals are final, unless a majority of the THSLL Board votes to override the decision by the process outlined in the THSLL Rulebook. The THSLL does not govern lacrosse activities other than those associated with the THSLL Season as defined in Appendix C. Consequently, those lacrosse activities cannot be used to justify or dispute THSLL eligibility.

THSLL 8.0 Eligibility rules are not subject to interpretation by considering one rule or combinations of rules without regard for the school based lacrosse philosophy of the THSLL and totality of the THSLL rules. A Board majority decision is required for THSLL Member School Programs and their players/parents on all THSLL eligibility matters, including requests and conflicts.

All player eligibility is subject to annual review by the THSLL Board according to the timeline and required actions in Appendix C.

The one-time decision rule in the THSLL 8.0 Eligibility rules on remaining eligibility are subject to review and change as per 8.0 Eligibility if a player's eligibility circumstances change according to 8.1 to 8.9.

Legal challenges to the TSLA, Inc. and THSLL are proceedings against the THSLL Member School Programs themselves, as the THSLL is a non-profit, voluntary membership association. Any legal fees, costs, or expenses required to defend the THSLL or TSLA, Inc. from any claims, demands or litigation, must be passed along to the THSLL Membership School Programs in the form of annual dues and/or special assessments. THSLL and TSLA, Inc., at their sole discretion, may elect to assess any such legal fees, costs and expenses between THSLL Member School Programs as is deemed equitable considering the reason THSLL/TSLA, Inc. was required to incur the legal fees, costs and expenses. If a THSLL Member School Program initiates legal action against THSLL or TSLA, Inc., or involves THSLL or TSLA, Inc. in any legal proceedings between THSLL Member School Programs, THSLL and TSLA, Inc. has the express right to suspend or terminate the THSLL Member School Program's participation in THSLL events. Additionally, any THSLL Member School Program which asserts legal claims or litigation against another THSLL Member School Program which requires THSLL or TSLA, Inc. to incur legal fees, costs and expenses shall indemnify the THSLL and TSLA, Inc. including the THSLL current and former Board Members, Directors and Officers from all attorneys' fees, costs, and expenses incurred as a result of the litigation.

9.0 Coaches

All Member Teams must have a designated fulltime coach. All THSLL coaches are required to be active members of U.S. Lacrosse and comply with the then current THSLL Rulebook, and the THSLL Code of Conduct (See section 9.2). All Member Team (home Team) coaches are to submit game reports including the official game score via the THSLL website within 48 hours of the end of the game.

9.1 Background Check Policy

All THSLL Member School Programs are responsible for their coaches. The Board strongly recommends that each Member School Program run a background check on all coaches.

9.2 Coaches Code of Conduct

All THSLL Coaches are in positions of leadership that present opportunities to leave lasting impressions on their players; therefore, it is in the best interest of THSLL that there be a uniform code of conduct that our coaches are required to follow while participating in and/or attending any THSLL sanctioned event and/or game.

The Role of a Coach

- Coaches are entrusted with a great responsibility every time a contest begins. Our professional and moral responsibility is to provide THSLL participants quality coaching and a sense of safety and fair play at every THSLL contest.
- Sensible, organized competition under proper control provides benefits for THSLL participants. Anything other than that only dramatizes coaches and distracts from the focus and purpose of high school athletics.
- All THSLL coaches must keep in mind that they are representing themselves, their Teams, and their Member School Programs at all times. A coach's words and actions come under close scrutiny from students, parents, faculty and the community, and will reflect positively or negatively on the Member School Program.

Structure

There are two documents that outline the expectations of lacrosse coaches. These include:

- 1) NCAA current rulebook or as further modified by the NCAA;
- 2) Current THSLL Rulebook

NCAA Rulebook

The head coach shall act in a courteous manner and shall endeavor in every way to achieve the same from his players. The head coach shall be in control of and responsible for all actions of all non-playing members of his squad, and any and all persons officially connected with his institution.

Coaches shall assist the officials in keeping the game under control. It shall be their duty, upon the request of an official, to control effectively actions of spectators not in conformity with standards of proper conduct.

Only the head coach will communicate with the officials. Officials shall address questions from the head coach during half time. A representative from each team may be present while these questions are discussed. Reporting Procedures

Every THSLL unsportsmanlike conduct penalty, incident, or ejection report shall be in writing and sent to the District Coordinator by the local SWLOA Assignor/Head Official after the particular game. The District Coordinator will forward the report to the appropriate members of the THSLL Board of Directors or its designee, and the respective offending Program President/Athletic Director.

To report the incident, give brief but concise information. The incident report should be brief and concise including date, time, place and individuals involved. Events leading up to the incidents as well as the actual incident and any follow-up actions are essential. This report should be detailed enough to give someone who was not present a clear picture of the incident.

League Actions

Unsportsmanlike conduct penalties:

1. Receives 1 in one game: will be reported to the Coordinator and be subject to a potential reprimand from THSLL after a report is made to the THSLL Board of Directors or its designee.
2. Receives 2 in one game: The coach and Member School Program President/Athletic Director will meet with the Coordinator. The Coach may miss the next scheduled THSLL game defined as a game on the THSLL schedule at the time the incident occurred, and the game cannot be scheduled after the incident.
3. Any coach that has an accumulation of 4 USC's in THSLL games, will serve a one game suspension for the next scheduled THSLL game as defined as a game on the THSLL schedule at the time of the 4th USC. USC's reset after the game suspension.

A coach who is ejected from a game may be suspended pending an expedient review by the District Coordinator

An ejected individual cannot be in the team's bench area, anywhere on the sideline, and must be supervised by the Member Team program. An ejected individual, who is serving his one game suspension, cannot be in the team's bench area, anywhere on the sideline. or anywhere in the spectator area.

A coach will receive a reprimand, if he does not control his team. Upon a second notification, a coach may receive a game suspension. Lack of control can include, but is not limited to, a fight, a bench-clearing brawl, or repeated occurrences of excessive penalties. The explanation of such events by the following will be considered by the THSLL Board of Directors or its designee:

1. The game officials
2. The coach
3. His Member School Program President/Athletic Director.

The above in no way limits the ability of the THSLL Board of Directors to act in what it perceives to be in the best interests of the League.

Other Responsibilities

NCAA Rulebook_Rule 2-5/Game Personnel/Home Coach's Responsibility

It shall be the responsibility of the home coach to see that the playing field is in proper condition for play; that a time-keeper and scorer are on hand with working equipment required; that balls and ball retrievers

(or balls on the end line) are provided; and that the assigning authority has received timely, accurate and adequate information so that officials will be on hand for the game.

When a contest is played at a neutral site, one team must be designated as the home team. This shall be done in writing, before the day of the game. The designated team and its coach assume all the responsibilities of the home team as outlined in the rules.

10.0 Insurance

All Member Teams must carry comprehensive liability insurance. Member Teams will not be allowed to participate in THSLL activities without appropriate liability insurance. Each Member Team must provide a Certificate of Insurance to the State Administrator prior to participation in any THSLL activity.

11.0 Improper Behavior

Egregious behavior (abusive, profane, or violent) by THSLL administrators, representatives, coaches, players, or fans that is not in keeping with the League's Guiding Principles, safety, and/or sportsmanship and code of conduct may result in such administrator, representative, coach, player or fan being suspended or expelled from the League and/or prohibited from attending League functions. This includes behavior and/or actions not in conformance with the Purpose of the Texas High School Lacrosse League as stipulated in the TSLA, Inc. Bylaws and/or current THSLL Rulebook.

Suspension and/or expulsion determinations will result from THSLL Board of Director investigations into alleged improper behavior and/or actions and subsequent follow-up discussions with both THSLL Member School Programs' leadership and SWLOA leadership. This process covers any alleged improper behavior and/or actions deemed by the THSLL Board of Directors not to be in conformance with the purpose and principles of the Texas High School Lacrosse League as stipulated in the current THSLL Rulebook, the TSLA, Inc. Bylaws, and the current NCAA Rulebook.

Repeat occurrences with no noted change of behavior and/or actions can be cause for expulsion. The THSLL Board of Directors will make all suspension and/or expulsion determinations. The parties affected by the determinations will have the right to appeal THSLL Board of Directors' determinations to the THSLL Commissioner, who will have the final say by decision on the appeals.

The NCAA Lacrosse Rulebook, the THSLL Rulebook, and the TSLA, Inc. Bylaws do not have specific "defenseless player" language or rules around it in them. For THSLL safety and sportsmanship reasons, the THSLL has instructed the officials to manage this through the definitions and interpretations in the NCAA rules around egregious and vicious hits and associated penalties as appropriate in individual THSLL game situations.

A player ejected from a game due to Unsportsmanlike Conduct, Targeting the Head/Neck, or Unnecessary Roughness, and/or any combination of these fouls that lead to Fouling Out (five accumulated penalty minutes in a THSLL game for Personal Fouls), will serve a one game suspension. The game suspension served will be the next scheduled game on the THSLL website at the time of the ejection.

A player who plays on both JV and Varsity will serve the THSLL game suspension in the next THSLL Varsity game he is eligible to play in on the schedule. If the ejection occurs in the final game of the THSLL season, or the final THSLL Post Season game, the player will serve the game suspension in the first scheduled THSLL District game the following THSLL season.

An ejected individual cannot be in the team's bench area, anywhere on the sideline, or spectator area, and must be supervised by the THSLL Member School Program's leadership.

12.0 Medical Emergency Plan

1. The home Team will have an emergency plan on file with THSLL.

2. The home Team must provide immediate, on the spot first aid by a licensed athletic trainer, team physician or health care professional (hereinafter referred to as "Trainer"). THSLL games will not be played without a Trainer on the sidelines.
3. Prior to the start of any contest, the Home Team Site Administrator, shall be identified, in person, to the Officials as part of field preparations.
4. Prior to the start of any contest the Home Team Trainer, shall be identified, in person to the Table personnel. If the home Team fails to provide a Trainer due to extenuating circumstances, the game may be rescheduled.
 - a. If the home Team trainer is delayed, this will result in a 30 second conduct foul, delay of game. If the home Team trainer is not present within 5 minutes of game start, the Home Team will be assessed an additional 30 second conduct foul. If the Trainer is not present within 15 minutes the game may be cancelled and the Home Team is responsible for payment of the officials. If the game is rescheduled, the conduct penalties will carry over to the rescheduled game.
5. The Emergency plan must include procedures for:
 - a. A telephone or other communication device to contact a doctor, ambulance or emergency clinic.
 - b. A designated emergency vehicle. If an ambulance is not available, another suitable vehicle should be available for quick utilization.
 - c. Notification of parents of injured player.
 - d. Proper arrangements at a hospital or clinic to insure complete care of the player.

7. The Trainer will be considered a neutral participant and will provide medical care to players on both teams.
8. The Trainer can be paid or be a volunteer.
9. Pre-game readiness (taping, etc.) of players is the responsibility of each team's coach and support staff.
10. Visiting teams may waive assistance by the home Team trainer if they have their own adequately trained individual, but the team must notify the site administrator and home Team Trainer that they do not want assistance. This notification will waive responsibility for emergency medical care by the home Team Trainer provided, other than normal cooperation and assistance.
11. Lightning Policy: THSLL recommends Member Teams use lightning detection meters and follow the UIL Policy below:
 - Establish a chain of command that identifies who is to make the call to remove individuals from the field.
 - Name a designated weather watcher (A person who actively looks for the signs of threatening weather and notifies the chain of command if severe weather becomes dangerous).
 - Have a means of monitoring local weather forecasts and warnings.
 - Designate a safe shelter for each venue. See examples below.
 - Use the Flash-to-Bang count to determine when to go to safety. By the time the flash-to-bang count approaches thirty seconds all individuals should be already inside a safe structure. See method of determining Flash-to-Bang count below.
 - Once activities have been suspended, wait at least thirty minutes following the last sound of thunder or lightning flash prior to resuming an activity or returning outdoors.
 - Avoid being the highest point in an open field, in contact with, or proximity to the highest point, as well as being on the open water. Do not take shelter under or near trees, flagpoles, or light poles.
 - Assume that lightning safe position (crouched on the ground weight on the balls of the feet, feet together, head lowered, and ears covered) for individuals who feel their hair stand on end, skin tingle, or hear "crackling" noises. Do not lie flat on the ground.
 - Observe the following basic first aid procedures in managing victims of a lightning strike:

- Activate local EMS, Lightning victims do not "carry a charge" and are safe to touch, If necessary, move the victim with care to a safer location. Evaluate airway, breathing, and circulation, and begin CPR if necessary. Evaluate and treat for hypothermia, shock, fractures, and/or burns.
- All individuals have the right to leave an athletic site in order to seek a safe structure if the person feels in danger of impending lightning activity, without fear of repercussions or penalty from anyone.

12. Definitions used in an Emergency Plan.

Safe Shelter:

A safe location is any substantial, frequently inhabited building. The building should have four solid walls (not a dug out), electrical and telephone wiring, as well as plumbing, all of which aid in grounding a structure.

Flash-to-Bang:

To use the flash-to-bang method, begin counting when sighting a lightning flash. Counting is stopped when the associated bang (thunder) is heard. Divide this count by five to determine the distance to the lightning flash (in miles). For example, a flash-to-bang count of thirty seconds equates to a distance of six miles. Lightning has struck from as far away as 10 miles from the storm center. The THSLL adopts this policy in full and places the responsibility of implementation upon the Site Administrator for the home Team.

Tournaments:

The tournament organizers shall be the party responsible for the implementation of this Medical Safety Policy thereby relieving the home Team of this responsibility. In tournament play, one Trainer may cover up to two adjacent simultaneous games.

Resource Materials:

When developing the Medical Emergency Plan, the THSLL strongly recommends that each team review the US Lacrosse website section titled "Sports Science & Safety", currently found at:

<http://www.lacrosse.org/safety/index.phtml> or http://thsll.org/docs/static/THSLL_Sample_Emergency_Plan.doc

13.0 Referees

During the THSLL season, all games shall be officiated as assigned through the established League scheduling process and as described in agreements with approved League officials. Except for District and Division Championship games so designated by the Board, payment of official's fees shall be the sole responsibility of each Member Team. Failure to pay official's fees may result in forfeiture of League games.

13.1 Rainout Procedures

Game Day cancellations should be made by a phone call and email to THSLL administrator, assignor and coaches. In the event games are cancelled less than two (2) hours prior to game time, Member Teams are responsible for paying officials for such scheduled games. If two (2) games are scheduled, the officials will be paid the higher of the fees. Officials will also be paid for suspended games. If there is a game change within 48 hours of the scheduled game time not due to weather, the home program will be charged \$10 per game changed, collected by SWLOA

13.2 Referee Ratings

Official ratings are obtained during the coach's game report submittal process. These ratings are pivotal to the league working with SWLOA to convey coach's concerns, and are used in assigning officials for post-season.

14.0 Rules of Play

Games will be played in accordance with all NCAA lacrosse rules, with waivers approved at the THSLL Annual Meeting of Member Teams.

14.1 Non-THSLL Member Team Play

During the THSLL season through and including the date(s) of the State Championships, no THSLL Member Team shall play, including scrimmages, a non-THSLL team without the prior written consent of the THSLL Board. Violators of this rule may be subject to sanctions, to include, but not limited to, game forfeiture, ineligibility for Playoffs and State Championships, and coach and/or Team probation or suspension.

15.0 Mandatory Games / Game Play

Each District will determine the requirement for mandatory games.

15.1 Games Played

At the beginning of every THSLL season, each District and Division (i.e. North DII) along with their District Division Coordinator; decides the number of and format for their required season games. These games must be designated as their appropriate District games types (ex DII District) at the time they are scheduled. These will be considered the "count" games towards the District standings. Each Team is required to play the same number of District ("count") games.

15.2 Allowable Games

During the THSLL season, Member Teams will schedule all games within Texas according to the game types described elsewhere in this document. They will be scheduled through the approved League scheduling process and in conjunction with agreements between the League and approved officials. Opponents may only be other THSLL Member Teams or out-of-state "guest" teams otherwise considered sanctioned by the League's representative through the approved scheduling process. All allowable games count in a Member School Program's overall record.

Scrimmages of all forms are not 'allowed games' and may not be reported as such to any entity. Any scrimmage played during the THSLL season will be considered a situational practice and does not result in a final score regardless of the presence of officials.

15.3 Team Sideline Policy

The field and all limit lines should be marked in accordance with the NCAA rulebook. All spectators shall be on the opposite side of the field from the team benches. The team box should contain a maximum of 4 coaches in the coaching box in front of the players. 1 equipment manager and 1 team trainer may be on the sidelines behind the players. Only players in uniform may be on the sidelines, non-participating players must wear game jerseys. 1 equipment manager and 1 team trainer may be on the team side, but not in the team box. 1 equipment manager and 1 team trainer may be on the team side, but not in the team box.

The score table shall not contain more than 5 people, including 3 from the home Team and 2 from the visitors' team. The home Team is the official scorekeeper, game timer, and penalty timer at the score table. The visiting team has a scorekeeper and assistant at the score table. The home Team site administrator has full access to the facility and should have communication with the score table.

It is the responsibility of the home Team and home Team site administrator to manage this policy. The home Team and away Team site administrators must check in with the score table and officials and wear the site administrator identifying badges.

The delayed start of a game due to the field not being ready for play, at the contracted starting time or failure of the home Team Site Administrator to introduce himself/herself to the Officials, will subject the home Team to a technical foul (6-6q) with the in-home serving 30 seconds and the ball awarded to the visitor to start the game.

This is only allowed if the same communication method is available to both the home and away teams. If the offer is presented to the away team, the away team can choose to use the communication or not. As long as the offer has been made to the away team, the home team shall be allowed to use the communication regardless if the away team elected to use the communication.

15.4.3 Coach to Coach/Fan/Scout Communication

Coaches may communicate with additional team personnel (not players) present in the stands or press box via non-facility provided communication methods. (Cell phone, 2-way radio, etc.). 20.0 Sportsmanship

Sportsmanship rule for all teams participating in a regular season DII or DIII game. At any time during the game there is a 15-goal differential there will be a mandatory running clock for the remainder of the game. Traditional penalty time will apply and be kept with stop/starts. The clock will be stopped for official time outs or team time outs.

After the running clock, has started, at any time during the remainder of the game the score differential falls below 15 goals, the running clock will still be in effect.

This rule applies to all DII or DIII district or non-district regular season games only. Post-season games and games with DI teams are exempt from this rule.

21.0 Enforcement of THSLL Rules

The Commissioner shall have authority to assess any penalties for violation of THSLL rules. Such penalties may be assessed against a Member School Program, Member Team, any THSLL Member School participant, an individual player or all four, and may include but shall not be limited to expulsion, suspension, probation and/or forfeiture of games, and may also include the performance of remedial actions such as letters of apology or attendance at training events in lieu of such action by the Commissioner. A Member School Program, Member Team, participant, or player, may appeal the penalty to the Board by written submission, to be considered by the Board at its next regular meeting or at any special meeting called for that purpose by the Commissioner. Upon any such appeal, the Board may modify or overturn the penalty or remedy instituted by the Commissioner by a majority vote of all members of the THSLL Board.

22.0 THSLL Rules Governance process

As stated in 21.0 Enforcement: The Commissioner shall have authority to assess any penalties for violation of-THSLL rules, and inappropriate actions and lack of appropriate actions related to THSLL rules and/or THSLL participants' disputes and/or legal challenges. Such penalties may be assessed against a Member School Program, Member Team, a Member School Program participant, an individual player(s) or all four, hereinafter referred to as "THSLL Participants", and may include but shall not be limited to expulsion, suspension, probation and/or forfeiture of games, and/or in the form of annual and/or special assessments, and may also include the performance of remedial actions such as letters of apology or attendance at training events in lieu of such action by the Commissioner. A THSLL Participant may appeal the penalty to the THSLL Board by written submission, within 30 days of the Commissioner's decision, to be considered by the THSLL Board at its next regular meeting or at any special meeting called for that purpose by the Commissioner. Upon any such appeal, the THSLL Board may modify or overturn the penalty or remedy instituted by the Commissioner by a majority vote of the THSLL Board.

It is the intention of the THSLL Board to act expeditiously, fairly, and consistently on all violations of THSLL rules, and/or on THSLL Participants' disputes and/or legal challenges, through a thorough and consistent process with clearly articulated roles and expectations. This process, the THSLL Rules Enforcement & Governance Process, hereinafter referred to as the "Governance Process", begins with clear ownership of the fact-finding and investigation into suspected rules violations, and/or on THSLL Participants' disputes and/or legal challenges. The guiding principles for THSLL are the presumption of innocence, that being THSLL Participants are innocent until proven guilty, and taking into consideration what is in the best interests of the THSLL high school lacrosse player(s) involved when making decisions about their health, welfare, and general well-being. These guiding principles are relevant and applicable to this Governance Process.

The Coordinator for the Division and District in which the suspected rules violation(s), and/or THSLL Participants' dispute and/or legal challenge occurred is the owner of the governance process, and will be accountable to the Commissioner and the THSLL Board for all actions towards resolution of the rules violation, and/or THSLL Participants' disputes and/or legal challenges, including the pro-active investigation, proposed penalties, and communication with the involved THSLL Participants before, during, and after the Governance Process. In the event of a conflict of interest, or at the discretion of the Commissioner based on the severity of the matter, the Commissioner may ask the Coordinator to recuse him or herself, and will appoint another

Coordinator to act as the Governance Process owner. The THSLL Coordinator, the THSLL Board, and the Commissioner are all THSLL Participants in the Governance Process.

The Coordinator assigned to the matter will be responsible for all communications and interaction with all involved THSLL Participants relating to the Governance Process. The suspected rules violation, complaint, and/or dispute and/or legal challenge must be submitted in writing to establish a written record, and point of origin, of the complaint, suspected rules violation, and/or dispute and/or legal challenge, and to initiate the Governance Process. This process step will help to minimize “he said, she said” or gossip, the chance of possible unfounded accusations receiving serious consideration, threatened legal action and/or litigation, and from having major time and emotional impacts on any and/or all THSLL participants. If the THSLL Board is initiating the Governance Process, a written record of that fact will be established including the reason(s) for taking such action.

From that point, the assigned Coordinator will determine who is to be contacted, when, and how, and what the course of action is regarding the suspected rules violation, and/or dispute and/or legal challenge. The Coordinator will determine who the involved THSLL Participants should be based on the issue, the perceived severity of the issue, and the circumstances surrounding it as understood at the time the THSLL Board decides to initiate the Governance Process. If the Coordinator, and/or the Commissioner, believes the matter is politically sensitive, he or she may seek counsel from the THSLL Board on the investigation and the resulting Governance Process. If the Coordinator determines there is a clear rules violation, and no additional investigation or follow up is required, the Coordinator may take action as defined in the THSLL Rulebook and will ensure the THSLL Participants provide the signed THSLL Rules Enforcement Governance Process Affidavit & Mutual Non-Disclosure Agreement (MDNA) v1.0_2017.

From the beginning and throughout the Governance Process, including any assessment of any penalties and beyond, confidentiality is a foundation principle that cannot be compromised by any THSLL Participant involved in the Governance Process. All THSLL Participants are expected to maintain confidentiality and allow the process to follow its course. An individual when contacted by the Coordinator regarding a suspected rules violation, and/or THSLL Participants’ dispute and/or legal challenge, immediately becomes a possible THSLL Participant in the Governance Process. As a result, the THSLL Participant must agree to sign and be bound by an MNDA relating to the matter, if there are to be further discussions with that individual about the matter. If the individual refuses to sign the MNDA, the Coordinator will immediately cease discussions with this individual regarding the matter. No THSLL Participant is to disclose any information or discuss any aspect of the matter with anyone who has not signed the MNDA. The Coordinator will provide a list of the THSLL Participants who have signed the MDNA so there is no confusion about who can share information with whom related to the matter.

Signing the MNDA means that the individual agrees to become a THSLL Participant in the Governance Process, and is then responsible for keeping the matter confidential and not talking to anyone about it unless instructed to do so in writing by the Coordinator and/or the THSLL Board. This protects the THSLL Participants in the event the matter was to escalate to threatened legal action and/or litigation by any THSLL Participant. Any breach in confidentiality by any THSLL Participant will be dealt with in writing by the THSLL Board swiftly and may include penalties for such actions.

The Coordinator will be the investigator in the Governance Process and will decide who is to be contacted and when based on the severity and scope of the suspected rules violation, and/or THSLL Participants’ dispute and/or legal challenge, and the extent of the investigation that will occur. The Coordinator will communicate the Governance Process, the investigation plan, and the timeline to the involved THSLL Participants in writing, as appropriate, and make it clear that no one other than the Coordinator will be investigating the matter and/or making contact with individuals to determine if any inappropriate behavior has occurred, and/or inappropriate actions have been taken. The written agreement provided by the Coordinator to the THSLL Participants will become a part of the MNDA. Any THSLL Participant acting in an investigative capacity outside of the Coordinator and/or discussing the investigation and/or Governance Process with other THSLL Participants or other individuals outside of the governance process will be subject to penalties for such actions.

The Coordinator will have two weeks to complete the fact-finding and investigation and to report the findings to the THSLL Board along with a recommendation for resolution, including any penalties and/or warnings. In the event circumstances call for an extended investigation, the Coordinator will communicate that in writing to the THSLL Board and to the involved THSLL

Participants. In the event the findings do not support any further action; the Coordinator will inform the involved THSLL Participants and the investigation will be closed.

During the Governance Process, it is expected that the Coordinator will interact with Member School Programs, Member Teams, and possibly players and parents, to determine the facts, to investigate the situation, and to come to a conclusion as to what may or may not have occurred. The THSLL Board is sensitive to the fact THSLL Participants may have mixed emotions about what is going on and that during these kinds of matters emotions are high. All Governance Process contact will be done using the MDNA and be done through the THSLL Board and Coordinator, and all THSLL leadership will do their best to minimize the inconvenience and emotions throughout the Governance Process, however, this is a shared responsibility as everyone involved has a role in managing expectations and emotions in a difficult process.

Once the initial findings are determined, the Coordinator will communicate with the THSLL Board and with the involved THSLL Participants in writing regarding his or her findings. If there is a need for clarification or further investigation based on that initial fact-finding and communication, the Coordinator and the Commissioner will determine the appropriate course of action, and establish a plan and timeline.

Once the Coordinator has made a determination that sufficient information is available to make a recommendation to the THSLL Board on the matter, he or she will do so in writing followed by a presentation at a THSLL Board meeting or special meeting. The THSLL Board may ask for additional due diligence or may decide there is enough information to make a ruling. If the ruling is no action, that communication will be passed along to the involved THSLL Participants in writing, the ruling will become a part of the THSLL Board meeting minutes, and the matter will be closed. If the ruling is some form of penalty for a Member School Program, Member School Team, or individual player(s), the THSLL Board will charge the Coordinator with communicating that to the involved THSLL Participants in writing, the ruling will become part of the THSLL Board meeting minutes, and the matter will be closed. If the matter is of such a nature that it should be held in confidence between the THSLL Participants, that will be noted in the THSLL Board meeting minutes, will be communicated to the involved THSLL Participants in writing, will become part of the THSLL Board meeting minutes, and the matter will be closed.

The THSLL Board will determine the appropriate action, and the THSLL Commissioner will carry out those actions with the involved THSLL Participants. In the event the involved THSLL Participants wish to appeal the decision of the THSLL Commissioner, they may do so through the process outlined in the first paragraph of this section. It should be noted that the entire Governance Process is covered by the MNDA, which the THSLL Participants agree to by participating in the THSLL and signing the MNDA.

The Commissioner and the THSLL Board have as their number one priority and goal in this Governance Process to protect the health, welfare, and general well-being of the involved THSLL high school player(s), and other THSLL Participants through the presumption of innocence, and fair play. Beyond that the Commissioner and THSLL Board will endeavor to treat everyone involved with respect and to minimize the inconvenience associated with the Governance Process. We would ask that all the involved THSLL Participants endeavor to do the same. IF everyone involved, the THSLL Participants, in the Governance Process agree in advance to do what is in the best interests of the THSLL player(s) involved as THSLL Participants, and to accept those decisions, then the outcomes will be fair and reasonable.

Appendix A - 2018 THSLL BOYS RULE WAIVERS

The current valid NCAA Lacrosse Rulebook will be used unless a specific modification is listed on this sheet. Parentheses indicate the section of the NCAA Rulebook, which pertains to the modification.

PLAYING FIELD (1-2) ~ Home Teams will make all possible efforts to provide a field which meets NCAA specifications as outlined in the section entitled "The Field", (Rule 1-2 through 1-15). Local conditions may require field size modifications.

Required field markings shall be the responsibility of the home team and every possible effort should be made to mark the field accordingly. Acceptable markings can be in the form of but not limited to paint, chalk, washable paint/chalk, tape, or any other removable material (ex: portable crease). It is the responsibility of the home team to check with the field property owner on acceptable markings and guidelines.

No penalty shall be assessed for a home team unable to mark a turf playing field, as long as there are existing football markings, due to school or city guidelines. Evidence of the hardship should be sent to the THSLL Board of Directors to be recorded.

Additionally, it is the responsibility of the home team to notify the visiting team of any known field issues (for example, lack of lines or using football sidelines for the width or using tape) within three days of the scheduled game date. Both coaches must agree on the field before the game can be played.

If the visiting coach does not agree on the modified playing surface, it is the responsibility of both the home and away coaches to come to a compromise, reschedule, or swap home/away status with the home team being responsible for official and venue expenses. Failure to do so should be reported in the game report to the local coordinator for escalation.

Prior to the start of any contest, the Home Team Site Administrator, shall be identified, in person, to the Officials as part of field preparations. THSLL games will not be played without a licensed athletic trainer, team physician or health care professional (hereinafter referred to as "Trainer") on the sidelines.

The delayed start of a game due to the field not being ready for play, at the contracted starting time or failure of the home Team Site Administrator to introduce himself/herself to the Officials, will subject the home Team to a technical foul (6-6q) with the in-home serving 30 seconds and the ball awarded to the visitor to start the game.

Prior to the start of any contest, the Home Team Trainer shall be identified in person to the Table personnel. If the home Team fails to provide a Trainer due to extenuating circumstances, the game may be rescheduled. If the home Team trainer is delayed, this will result in a 30 second conduct foul, delay of game. If the home Team trainer is not present within 5 minutes of game start, the Home Team will be assessed an additional 30 second conduct foul. If the Trainer is not present within 15 minutes the game may be cancelled and the Home Team is responsible for payment of the officials. If the game is rescheduled, the conduct penalties will carry over to the rescheduled game.

The Team benches and table are to be on the opposite side of the field from the spectators. If the home Team does not move the spectators or team benches to comply with this rule in a reasonable time (as determined by the officials), the home Team receives a non-releasable 3-minute penalty at the start of the game to be served by the in-home player

GOALS & NETS (1-3 & 1-5) ~ The goals & nets at game sites shall be legal as they are, regardless if they comply with NCAA rules. The NCAA rules as to the color, size and type of pipe shall not apply; however, the home Team should make every effort to comply with the NCAA rules & specifications

LIMIT LINES, SPECTATOR & MEDIA RESTRICTIONS (1-14) ~ Limit lines are not required, however, spectators and media are not allowed behind the end lines or immediately behind the bench or table areas.

PERSONAL EQUIPMENT (1-21) ~ Gloves may vary in color. Baseball shoes (metal / hard plastic cleats) are not permitted.

LENGTH OF GAME (3-1) ~ The regulation playing time of a game shall be 48 minutes, divided into (4) 12-minute periods, JV games are (4) 10-minute periods.

TEAM SIDELINE POLICY ~ The field and all limit lines should be marked in accordance with the NCAA rulebook. All spectators shall be on the opposite side of the field from the team benches. The team box should contain a maximum of 4 coaches in the coaching box in front of the players. 1 equipment manager and 1 team trainer may be on the sidelines behind the players. Only players in uniform may be on the sidelines, non-participating players must wear game jerseys. 1 equipment manager and 1 team trainer may be on the team side, but not in the team box.

The score table shall not contain more than 5-people, including 3 from the home Team and 2 from the visitors' team. The home Team is the official scorekeeper, spotter, game timer, and penalty timer at the score table. The visiting team has a scorekeeper and assistant at the score table. The home Team site administrator has full access to the facility and should have communication with the score table.

It is the responsibility of the home Team and home Team site administrator to manage this policy. The home Team and away Team site administrator must check in with the score table and officials and wear the site administrator identifying badge. It is at the discretion of the officials to assess any game-time penalties resulting from this policy.

GAME BEHAVIOR PROBLEMS ~ If the game is stopped by officials for improper behavior on the field or in the stands, the officials will ask the on-site administrator or head coach to control or eject the offending fan from the premises. If the fan is not controlled, or does not leave the premises, the game will be stopped, and the offending team will lose the game.

If player (s) is ejected from a THSLL, the player must leave the site of the THSLL game. The player may not remain on the sideline or in the stands. It is up to the Head Coach to comply with these rules or his team will forfeit the game. (The team of the ejected player is responsible for supervising that player when needed.)

If a player receives two of the same Section 11 penalties in a game, or Fouls Out due to accumulation of five personal foul penalty minutes, the player will be automatically ejected from the current THSLL game, and suspended from the next THSLL game.

If a player or coach receives 2 unsportsmanlike penalties in a game, the player or coach is automatically ejected from the current game and suspended from the next League game

If a personal foul as per Section 11 occurs at the end of the last game of the THSLL season, as defined in Appendix J, so that the player incurring the foul does not serve penalty time, the penalty will carry over to the Team's next THSLL season game. If the player has graduated, the in-home shall serve the penalty.

A suspended individual cannot be in the team's bench area, anywhere on the sideline or anywhere in the spectator area.

An ejected individual cannot be in the team's bench area, anywhere on the sideline, and must be supervised by the Member Team Program's leadership.

LEAGUE ACTIONS

Section 11 penalties:

- When a player receives one Section 11 penalty in one game: he will be reported to the THSLL Coordinator and be subject to a potential warning from THSLL after a report is made to the THSLL Board of Directors or its designee.
- When a player receives two of the same Section 11 penalties in one game, his coach and THSLL Member School President/Athletic Director will be required to meet with the Coordinator. The THSLL Coordinator will discuss the

circumstances with the game officials. The Coach may miss the next scheduled THSLL game as defined as a game on the THSLL schedule at the time the incident occurred and cannot be subsequently scheduled afterwards.

- When a player has an accumulation of four of the same Section 11 penalties in THSLL games, or a coach has an accumulation of four Unsportsmanlike Conduct in THSLL games, he will serve an automatic one game suspension for the next scheduled THSLL game as defined as a game on the THSLL schedule at the time of the suspension, and that game cannot be subsequently scheduled afterwards. The THSLL Coordinator may suspend a coach who has been ejected from a THSLL game pending an expedient review.
- There is an automatic reset after the above THSLL game suspension, however if a player or coach is guilty a second time of the accumulation of four penalties as defined above, he will receive an automatic two game suspension, and can be cause for expulsion.
