- 12 Mite 1's
- Squirt 1's not having enough players – A new player is looking to join GLYSA as an alternate but due to our policy we can only accept full time players. Parent is fine with that. Rates will be prorated. New player will play games and practice with the S2s and S1s for the evaluation period for 2 weeks and then placed on a team.
  - Concern other parents and players on the 2 team being worried that they are losing their opportunity to be on the 1 team. Karen to send an email to S2 parents letting them know this will be a 2 week evaluation for all the players and they all have another chance to make the 1 team.
