Mark & Stacy:
email report as follows:
We have three weeks left in the current season. Most teams seem to be on track to complete all games on time. The last official weekend, June 22, is proving to be a bit more of a problem with many families planning to away that weekend as school will be out. This is not a problem not unique to SCOR. Aimee is already in contact with managers regarding getting games rescheduled.

We only have one team left in the CT Cup after this weekend. Congratulations to the Boys U11 Black team for advancing to the semifinals. Girls and Boys U12 both put up valiant efforts, but could not achieve a result.

Registration and tryouts are underway. The late fee is in effect and registration will close on June 15th. The following table summarizes the current registration counts and team scenarios depending upon the evaluations and coach recommendations. Weather permitting all

evaluations will be completed by June 12th. The plan is to have the Fall rosters ready by June 27th.

Phil is working with the manager and parents of the GU13 team regarding concerns over the team size and coach issues.

I am not aware of any other significant team issues at the moment.

Have A Ball Fundraiser: some thoughts about changing the date, the price (for House families)

Maybe a 20% bump back from restaurants that welcome SCOR families during USA cup games
