

Westerville Warcats Hockey Association
RETURN OF INJURED PLAYER POLICY

POLICY:

A player who misses any scheduled practices or games due to an injury or an illness requiring medical attention, must submit a written medical release from the attending physician before the player can return to scheduled practices or games.

PROCEDURE:

1. The written medical release to resume activity from the attending physician should be presented by the player's parent to a member of the Board, or mailed to the WWHA address.
2. Once received by a member of the Board, that member will notify other members it has been received, noting any limitations of activity.
3. The President of Board of Directors will notify the player and the coaching staff, in writing or by email, the Date the player may return to practices and/or games, consistent with the attending physician's document.
4. Verbal, written or electronic notification from a player, parent or guardian will not be considered in lieu of a physician's document.
5. The Secretary of the Board of Directors will keep all medical documents on file for the remainder of the season.
