

UVRF Parent Permission Form

I, and my son/daughter _____, who is a Junior Member of the Upper Valley Rowing Foundation (UVRF) and under the age of 18, have read the UVRF Junior Policy - Parent Information Sheet. I understand the nature and risks of rowing activities and my daughter or son's experience and capabilities and understand that by checking the permission box below I am allowing my son or daughter to row in a single or double rowing shell **unaccompanied by an adult or coach** pursuant to the UVRF Junior Policy. I certify that I have signed a current (dated after January 1st of the current calendar year) US Rowing Waiver-Release of Liability form for my son/daughter which is on file with the Upper Valley Rowing Foundation.

I further understand and acknowledge that UVRF is an entirely volunteer-run organization. The sculling boats are kept at the Dartmouth rowing facility and the boats and sculling dock are open and UNMONITORED most of the day. UVRF cannot monitor your son or daughter's compliance with this policy or your lack of permission. In the event that UVRF does become aware that your son or daughter has taken out a rowing shell unaccompanied by a coach without your written permission, UVRF reserves the right to ban him or her from the rowing club premises for the remainder of the rowing season.

- I give permission for my daughter or son to scull (row in a small boat where each rower has two oars) in a club single or double from June 1 to September 15 unaccompanied by an adult or a coach.
- I DO NOT give permission for my son/daughter to take out a club single or double and scull unaccompanied by a coach..

PLEASE NOTE: Under no circumstances are Juniors allowed to take out the club quads (four person sculling boats) unaccompanied by a coach or an adult who is certified to "toe" the quads).
