Join us for an evening of discussion to help you become educated on the College Lacrosse Recruiting Landscape and how you can enhance your son/daughters prospects of attaining admittance to the college of their choice. This seminar is sponsored jointly by the Metacomet Select Lacrosse Club and the Rhode Island Chapter of US Lacrosse Association. We will have a panel of parents, high school and college coaches to help explain the process and answer questions.

Parents of High school juniors, sophomores and freshman who have sons/daughters interested in playing college lacrosse are invited to attend this meeting. You are sure to obtain valuable information that will help you find the best fit for your son/daughter's academic and athletic talents.

The admissions and recruiting process can be quite overwhelming. Current and former College coaches will be present to answer questions like:

- *How do I let a coach know that I am interested in his/her college?*
  - *When can I contact a coach and when can the coach contact me?*
  - *What are recruiting camps all about and which is the best fit for me?*
  - *How important are letters of recommendation or game videos?*
  - *What is “early decision”?*
  - *Can lacrosse help me gain admission to the school of my choice?*
  - *Setting realistic expectations for your son or daughter*
  - *Tournaments or camps to target specific schools*
  - *Resources available to help assist in the evaluation of Colleges*
  - *Description of the college lacrosse experience*
  - *What coaches look for and how to get noticed*
  - *How do you help you son/daughter select a school*
- And much more.....*

Handouts will be distributed that will contain information about college profiles, contact information, summer camps and tournament information.
