

BCC Baseball Pre-School Tee-Ball Program Ages 4-6 years old

Let BCC Baseball provide a positive introduction to baseball to your pre-school child. The experience will be all about fun and fundamentals. Our goal is to improve their skill levels and watch their confidence grow. This program will introduce your player to America's favorite pasttime and get them ready to join a team at BCC Baseball when they enter Kindergarten.

Parental involvement is an important part of the program. Parents are needed to participate at the start of each session and can continue to be involved as much as they feel is necessary.
