GOALS AND OBJECTIVES

The Weston Soccer Development Academy represents the next step in player development from Weston Soccer's Recreational program. The Academy will focus on developing strong individual skills, with the gradual introduction of team strategy and game tactics. In addition to a commitment to individual skill development, the Academy seeks to instill the concepts of good sportsmanship and respect for the game. Through this commitment, we hope to create positive, lifelong memories so that this generation of Academy players has a rewarding experience with soccer, their team, and their community that will serve them in their future within and without the sport of soccer.
