

## **Evanston Youth Hockey Association: Locker Room Policy**

In addition to the development of our hockey players and enjoyment of the sport of hockey, the safety and protection of our participants is central to the Evanston Youth Hockey Association's (EYHA) goals. EYHA adheres to USA Hockey's SafeSport Program as a means to help protect its participants from physical abuse, sexual abuse and other types of misconduct, including emotional abuse, bullying, threats, harassment and hazing. To help prevent abuse or misconduct from occurring in our locker rooms, EYHA has adopted the following locker room policy. This policy is designed to maintain personal privacy as well as to reduce the risk of misconduct in locker rooms.

At the Robert Crown Community Center, there are four locker rooms available for our program's use. Each locker room shares a restroom and shower area with one other locker room. Some teams may also occasionally or regularly travel to play games at other rinks, and those locker rooms, rest rooms and shower facilities will vary. EYHA's team organizers will attempt to provide information on the locker room facilities in advance of games away from our home rink. At rinks with which you are unfamiliar, parents should plan to have extra time and some flexibility in making arrangements for their child to dress, undress and shower if desired.

### **Locker Room Monitoring**

EYHA has limited use of locker rooms and changing areas before and after practices and games. EYHA will make every attempt to make sure at least one responsible screened adult is present monitoring the locker room during all team events to assure that only participants (coaches and players), approved team personnel and family members are permitted in the locker room and to supervise the conduct in the locker room. Acceptable locker room monitoring could include having monitors in the locker room while participants are in the locker room or could include having a locker room monitor in the immediate vicinity (near the door) outside the locker room who also regularly and frequently enters the locker room to monitor activity inside.

### **Parents in Locker Rooms**

Except for parents with players at the younger age groups, we discourage parents from entering locker rooms unless it is truly necessary. If a player needs assistance with his or her uniform or gear, if the player is or may be injured or a player's disability warrants assistance, then we ask that parents let the coach know beforehand that he or she will be helping the player. Naturally, with our youngest age groups it is necessary for parents to assist the players getting dressed. We encourage parents to teach their players as young as possible how to get dressed so that players will learn as early as possible how to get dressed independently. In circumstances where parents are permitted in the locker room, coaches are permitted to ask that the parents leave for a short time before the game and for a short time after the game so that the coaches may address the players. As players get older, the coach may in his or her discretion prohibit parents from a locker room.

### **Mixed Gender Teams**

Some of our teams consist of both male and female players. It is important that the privacy rights of all of our players are given consideration and appropriate arrangements made. Where possible, EYHA will have the male and female players dress/undress in separate locker rooms and then convene in a single locker room before the game or team meeting. Once the game or practice is finished, the players may come to one locker room for a team meeting and then the male and female players proceed to their separate locker rooms to undress and shower, if available. If separate locker rooms are not available, then the players may take turns using the locker room to change. We understand that these arrangements may require that players arrive earlier or leave later to dress, but believe that this is the most reasonable way to accommodate and respect all of our players.

### **Mobile and Electronic Devices**

Mobile devices and certain electronic devices may be used in the locker room as directed by coaches and may be used outside of locker rooms as needed. Otherwise, mobile devices must be turned off or muted during instructional time and in instructional spaces. Players may not use mobile or electronic devices in any manner that disrupts the instructional environment or violates the rights of others, including to bully or to post derogatory statements about players, coaches or volunteers via text message, email or social media. Furthermore, any mobile or electronic device's recording capabilities, including audio, still or video image recording, is not permitted in the locker room. The only exception where it may be acceptable to take photographs or recordings in a locker room is in such unique circumstances as a victory celebration, team party, etc., where all persons in the locker room are appropriately dressed and have been advised that photographs or recordings are being taken. EYHA is not responsible for lost, stolen or damaged player property, including mobile and electronic devices.

### **Prohibited Conduct and Reporting**

EYHA prohibits all types of physical abuse, sexual abuse, emotional abuse, bullying, threats, harassment and hazing, all as described in the USA Hockey SafeSport Handbook. Participants, employees or volunteers in EYHA may be subject to disciplinary action for violation of these locker room policies or for engaging in any misconduct or abuse or that violates the USA Hockey SafeSport Policies. Reports of any actual or suspected violations must be reported under the EYHA Zero Tolerance Policy to **EYHAZEROTOLERANCE@GMAIL.COM**.
