Athletic Risk: Parental Consent for Athletic Participation

Warning: Participation in supervised interscholastic athletics and activities may be one of the least hazardous in which any students will engage. Participation, however, includes a risk of injury which may range in severity from minor to long

term catastrophic. Although some injuries are not common in supervised school athletic programs, it is possible only to minimize, not eliminate the risk. Participants can and do have the responsibility to help reduce the chance of injury. Players must obey all safety rules and report all physical problems to their coaches, follow a proper conditioning program and inspect their equipment daily. By signing this permission form, you acknowledge that you have read and understand this warning. Parents or students who do not wish to accept the risks described in this warning should not sign this permission form.

Athletic Responsibility:

As a Porter Ridge High School (PRHS) student athlete participating voluntarily in interscholastic athletics, I understand that:

- 1) I will abide by the PRHS student code of conduct, the school's Athletic Handbook, the coaches' team rules and the rules of the NCHSAA.
- 2) I will conduct myself in an exemplary manner at all times.
- 3) I will be responsible for all athletic equipment issued to me throughout the season, will return such equipment at the conclusion of the season and will pay the current replacement cost for any of the equipment not accounted for by me at the end of the season.
- 4) I will not use or be in possession of tobacco, alcohol, or narcotics. If I do use any of these substances, am in possession of such substances, or am suspended from school for use or possession of these substances, I will be subject to disciplinary actions as outlined in the Athletic Handbook.
- 5) I acknowledge that I have been properly advised, cautioned, and warned by administrative and coaching personnel of the PRHS system that I am exposing myself to the risk of injury, including, but not limited to, the risk of sprains, fractures, and ligament and/or cartilage damage which could result in a temporary or permanent, partial complete impairment in the use of my limbs, brain damage, paralysis, or even death. Having been so cautioned and warned, it is still my desire to participate in sports and to do so with full knowledge and understanding of the risk of injury.
- 6) I, along with my parents, certify that I have read and understand all of the PRHS Athletic Policies in the Athletic Handbook; and in order to be eligible for participation, I must comply with all requirements listed.

CONCUSSION

INFORMATION FOR *STUDENT-ATHLETES & PARENTS/LEGAL CUSTODIANS*

What is a concussion? A concussion is an injury to the brain caused by a direct or indirect blow to the head. It results in your brain not working as it should. It may or may not cause you to black out or pass out. It can happen to you from a fall, a hit to the head, or a hit to the body that causes your head and your brain to move quickly back and forth.

How do I know if I have a concussion? There are many signs and symptoms that you may have following a concussion. A concussion can affect your thinking, the way your body feels, your mood, or your sleep. Here is what to look for:

Thinking/Remembering	Physical	Emotional/Mood	Sleep
Difficulty thinking clearly	Headache	Irritability-things bother you more easily	Sleeping more than usual
Taking longer to figure things out	Fuzzy or blurry vision	Sadness	Sleeping less than usual
Difficulty concentrating	Feeling sick to your stomach/queasy	Being more moody	Trouble falling asleep
Difficulty remembering new information	Vomiting/throwing up	Feeling nervous or worried	Feeling tired
	Dizziness	Crying more	
	Balance problems		
	Sensitivity to noise or light		

Table is adapted from the Centers for Disease Control and Prevention (<http://www.cdc.gov/concussion/>)

What should I do if I think I have a concussion? If you are having any of the signs or symptoms listed above, you should tell your parents, coach, athletic trainer or school nurse so they can get you the help you need. If a parent notices these symptoms, they should inform the school nurse or athletic trainer.

When should I be particularly concerned? If you have a headache that gets worse over time, you are unable to control your body, you throw up repeatedly or feel more and more sick to your stomach, or your words are coming out funny/slurred, you should let an adult like your parent or coach or teacher know right away, so they can get you the help you need before things get any worse.

What are some of the problems that may affect me after a concussion? You may have trouble in some of your classes at school or even with activities at home. If you continue to play or return to play too early with a concussion, you may have long term trouble remembering things or paying attention, headaches may last a long time, or personality changes can occur. Once you have a concussion, you are more likely to have another concussion.

How do I know when it's ok to return to physical activity and my sport after a concussion? After telling your coach, your parents, and any medical personnel around that you think you have a concussion, you will probably be seen by a doctor trained in helping people with concussions. Your school and your parents can help you decide who is best to treat you and help to make the decision on when you should return to activity/play or practice. Your school will have a policy in place for how to treat concussions. You should not return to play or practice on the same day as your suspected concussion.

You should not have any symptoms at rest or during/after activity when you return to play, as this is a sign your brain has not recovered from the injury.

This information is provided to you by the UNC Matthew Gfeller Sport-Related TBI Research Center, North Carolina Medical Society, North Carolina Athletic Trainers' Association, Brain Injury Association of North Carolina, North Carolina Neuropsychological Society, and North Carolina High School Athletic Association.

Student-Athlete & Parent/Legal Custodian Concussion Statement

**If there is anything on this sheet that you do not understand, please ask an adult to explain or read it to you.*

Student-Athlete Name: _____

This form must be completed for each student-athlete, even if there are multiple student-athletes in each household.

Parent/Legal Custodian Name(s): _____

We have read the *Student-Athlete & Parent/Legal Custodian Concussion Information Sheet*.
If true, please check box.

After reading the information sheet, I am aware of the following information:

Student-Athlete Initials		Parent/Legal Custodian Initials
	A concussion is a brain injury, which should be reported to my parents, my coach(es), or a medical professional if one is available.	
	A concussion can affect the ability to perform everyday activities such as the ability to think, balance, and classroom performance.	
	A concussion cannot be "seen." Some symptoms might be present right away. Other symptoms can show up hours or days after an injury.	
	I will tell my parents, my coach, and/or a medical professional about my injuries and illnesses.	N/A
	If I think a teammate has a concussion, I should tell my coach(es), parents, or medical professional about the concussion.	N/A
	I will not return to play in a game or practice if a hit to my head or body causes any concussion-related symptoms.	N/A
	I will/my child will need written permission from a medical professional trained in concussion management to return to play or practice after a concussion.	
	Based on the latest data, most concussions take days or weeks to get better. A concussion may not go away right away. I realize that resolution from this injury is a process and may require more than one medical evaluation.	
	I realize that ER/Urgent Care physicians will not provide clearance if seen right away after the injury.	
	After a concussion, the brain needs time to heal. I understand that I am/my child is much more likely to have another concussion or more serious brain injury if return to play or practice occurs before concussion symptoms go away.	
	Sometimes, repeat concussions can cause serious and long-lasting problems.	
	I have read the concussion symptoms on the Concussion Information Sheet.

SUBJECT: STUDENT INSURANCE

SCHOOL: Porter Ridge High School

SPORT: _____

The Union County Board of Education requires that the student insurance offered will be compulsory for all students participating in junior and senior high school athletics unless a notarized insurance waiver form is signed by the parent indicating adequate personal insurance and releasing the Board of Education and its employees from responsibility for any claim due to injuries received while participating in a school sponsored athletic program. Please be sure that you understand the following before deciding whether to permit your son or daughter to participate:

1. There are limitations in the Student Accident Insurance coverage. It will not always pay all charges for every accident. Read the description of the current Student Accident Insurance carefully and be sure that you understand it.
2. Neither the Board of Education nor any of its employees will assume responsibility for claims resulting from injury to your child while he/she is participating in this program. This means that you will have to pay for any necessary medical treatment not covered by the Student Accident Insurance or any personal insurance coverage that you might have.

In view of this Board policy and the current Student Accident Insurance coverage, I wish to proceed as follows (check one, sign, No. 2 must have notary signature, and return promptly):

1. _____ I have purchased Student Accident Insurance online. I understand that I am responsible for payment for any charges not covered by this policy.
2. _____ I have adequate personal insurance and release the Board of Education and its employees from any responsibility in this matter.

Each player must also receive a MEDICAL EXAMINATION by a physician licensed to practice medicine each calendar year (once every 365 days) in order to be eligible for practice or participation in interscholastic athletic contest. This verification must be in hands of Athletic Director **PRIOR** to participation.

2015-2016 North Carolina High School Athletic Association Eligibility and Authorization Statement

This document is to be signed by the participant of an NCHSAA member school and by the participant's parent.

I have read, understand and acknowledge receipt of the eligibility rules of the North Carolina High School Athletic Association. I understand that a copy of the *NCHSAA Handbook* is on file with the principal and athletic administrator and that I may review it, in its entirety, if I so choose. All NCHSAA bylaws and regulations from the *Handbook* are also posted on the NCHSAA web site at www.nchsaa.org

I understand that an NCHSAA member school must **adhere to all rules and regulations** that pertain to the interscholastic athletics programs that the school sponsors, but that local rules may be more stringent than NCHSAA rules.

I understand that participation in interscholastic athletics is a **privilege not a right**.

Student Code of Responsibility

As a student athlete, I **understand and accept** the following responsibilities:

I will **respect the rights and beliefs** of others and will treat others with courtesy and consideration.

I will be **fully responsible** for my own actions and the consequences of my actions.

I will **respect the property** of others.

I will **respect and obey the rules** of my school and laws of my community, state and country.

I will **show respect to those who are responsible for enforcing the rules** of my school and the laws of my community, state and country.

I **understand that a student whose character or conduct violates** the school's Athletic Code or School Code of Responsibility could be deemed ineligible for a period of time as determined by the principal or school system Administration

I **understand that if I drop a class**, take course work through Post Secondary Enrollment Option, or other educational options, this action could affect compliance with NCHSAA academic standards and my eligibility.

Informed Consent – By its nature, participation in interscholastic athletics includes risk of injury and transmission of infectious disease such as HIV and Hepatitis B. Although serious injuries are not common and the risk of HIV transmission is almost nonexistent in supervised school athletic programs, it is impossible to eliminate all risk. Participants have a responsibility to help reduce that risk. Participants must obey all safety rules, report all physical and hygiene problems to their coaches, follow a proper conditioning program, and inspect their own equipment daily. **PARENTS, LEGAL CUSTODIAN'S OR STUDENTS WHO MAY NOT WISH TO ACCEPT RISK DESCRIBED IN THIS WARNING SHOULD NOT SIGN THIS FORM. STUDENTS MAY NOT PARTICIPATE IN AN NCHSAA-SPONSORED SPORT WITHOUT THE STUDENT'S AND PARENT'S/GUARDIAN'S SIGNATURE.**

I understand that in the case of **injury or illness requiring treatment by medical personnel and transportation to a health care facility**, that a reasonable attempt will be made to contact the parent/legal custodian in the case of the student-athlete being a minor, but that, if necessary, the student-athlete will be treated and transported via ambulance to the nearest hospital.

I **consent to medical treatment** for the student following an injury or illness suffered during practice and/or a contest.

I **understand all concussions are potentially serious** and may result in complications including prolonged brain damage and death if not recognized and managed properly. Further I understand that if my student is removed from a practice or competition due to a suspected concussion, he or she will be unable to return to participation that day. After that day, written authorization from a physician (M.D. or D.O.) or an athletic trainer working under the supervision of a physician will be required in order for the student to return to participation.

I **have received, read and signed** the **Gfeller-Waller Concussion Information Sheet**.

I **consent to the NCHSAA use of the herein named student's name**, likeness, and athletic-related information in reports of contests, promotional literature of the Association and other materials and releases related to interscholastic athletics.

By signing this document, we acknowledge that we have read the above information and that we consent to the herein named student's participation.
