

Within the next month, we'll be adding the practice schedule for the summer and regular season. Later in the summer we'll be adding the game schedules. If any event is canceled, modified, etc. - it will be done on the website and you will receive a notification of the change. **However, this only happens if you follow the steps below.** Please take action and follow these steps - we've done this to provide parents with the earliest possible notification and to take the task away from our busy coaches.

Note – you must do this even if you did it last year – since your child's team is different.

We strongly suggest that **all parents/guardians** do two things regarding schedules:

1. Log in to the website and at the bottom of your contact information page – click on Reminders for Games and Practices (see picture below):

No Email ?

Remind Games Practices ?

AND

2. Download the schedule for your child using the multi-schedule feature. Simply log-in, go to Teams, click on your child's team, click on multi-schedule and you can download to your online calendar or smartphone. Click here to read how: <https://leagueathletics.com/Help/user-guide/ical.shtml>
