

## Weather Closings – School Fields

1. Decisions on school field conditions will be made by approximately 3 pm on the day in question.
2. Field Status updates will be posted on an outgoing message at 670-8076 as soon as available. (Please do not leave messages on this line.)
3. Field cancellations due to poor conditions will be adjusted in our database automatically so you will not be charged.
4. Broadcast email may also be sent when possible. If you wish to be added to the distribution list, please send an email request to [susan\\_hemingway@websterschools.org](mailto:susan_hemingway@websterschools.org).
5. Please notify me of any field changes prior to the change -- or within 24 hours in the case of a game-time decision.

**\*\*Currently, the only School District Field that is closed is Schroeder – inside-the-track. We are planning to open that field in June.**
