

Instructions for Updating Member Information

It will be the responsibility of the individual families to keep their contact information updated on the Wizards Website.

To update member information, you will need to select the "Edit My Account" option on the left vertical menu bar. The following page will appear:

The screenshot shows the website header for the Wonderland Wizards Youth Hockey Association with the slogan "It's always about the kids". The navigation menu includes sections like "Wizards - General Information", "Travel and House Teams", and "Travel and House Program Info". On the left, a vertical menu lists various options, with "Edit My Account" circled in red. The main content area contains instructions for logging in, a list of options for existing users and password recovery, and a "Please Sign In" form with fields for email and password, and a "Submit" button. A warning box at the bottom states: "STOP! Look back at your email address and proofread it. If you do not type the correct address PERFECTLY, you will not receive an emailed password."

You will need to enter the email address and password that was used to register your child/player for the current season.

Please contact wizardswebsite@hotmail.com if you forgot your email address that was used to setup your Wizards access.

If you forgot your password, you can easily get a new one by entering just your sign-in email address and pressing Submit. A new password will be send immediately to this email address.

Once logged into the system, you will need to select the child/player that needs to be updated. The Participant Information form will be displayed and can be updated for any changes. Press the Submit button when finished.

You can also use this process to log into the website to make payments to the Wonderland Wizards using the credit card payment system.

All information on the Wizards website is secured and is not used for any other purposes other than to support the teams of the Wonderland Wizards Youth Hockey Association.
