

## **Wonderland Wizards Locker Room Agreement**

The much anticipated opening of the new rink at the Wonderland of Ice is here! The Wonderland of Ice is going to be taking some steps insuring the cleanliness and upkeep of the new facility. One of these steps is to insure the upkeep of the new locker rooms.

We at the Wonderland of Ice have decided to adopt a key exchange policy for the locker rooms. We feel that this would be the best way to keep track of what's going on in the locker rooms, without having to monitor them with staff. It's an easy way to make sure that locker rooms are kept clean, and free of tape and debris after each use. The key exchanged will not be handed back until the locker room in question is inspected by a staff member and deemed suitable. This means all tape and visible garbage is picked up and thrown into the proper receptacle.

As one of the Wonderland of Ice's main tenants, we would like to believe that our home youth hockey program will keep the locker room facilities in great shape. With this in mind, we are going to implement on a trial basis, locker room facilities opened to the Wizards teams without a key exchange. This is provided that coaches and players respect the new locker rooms and keep them clean after each use. If the staff at the Wonderland of Ice finds that this privilege is being abused and locker rooms are not being kept up to par, the key exchange program will begin.

Any guest teams that come into the Wonderland of Ice playing on the new ice surface, will not be issued a locker room without keys being exchanged. The staff will enforce this key exchange, in hopes that this will keep our beautiful new facility as clean and up kept as possible.

Thank you,

Erik Cassella  
Operations Manager
