

Start now to prepare for Media Day Sunday, August 30th, 2020

Media day is a mandatory event for all boys who want to play football. It takes place in the Freshman Café at the high school. Media Day is the day to finalize registration and submit **ALL** paperwork.

All Players should be prepared to have individual and group pictures taken. They should come dressed in a T-shirt, Shorts and sneakers and Coach will provide the players with a uniform shirt.

Another big thing that takes place on media day is the submission of ads for the program book, which is professionally printed and sold at all home games. The program book is a big fundraiser for the football team. It provides tons of information about the coaching staff and players. It makes a great souvenir for the player, parents and all other family members. Now is the time to get out and solicit advertisers before it's too late. The more ads we collect, the better position we are in as an organization.

Freshman players need to arrive at the Freshman Café by 11:00am.

Varsity/JV players need to arrive at the Freshman Café by 12:00pm.

There is a lot going on during Media Day and we try to make it as easy as possible for everyone by having "stations" for the agenda items below.
