

Dear District and League Volunteer,

Every child should have the opportunity to play Little League®, and we are all too aware of the financial obstacles that many families face that may keep them from participating in youth sports.

This is why T-Mobile and Little League are proud to launch the [T-Mobile™ Little League® Call Up Grant program](#) to help make Little League participation more affordable for kids and families around the country. This new grant program is dedicated to helping to cover the cost of player registration fees so that every kid has the chance to participate in their local Little League.

Families who qualify and are interested in joining a local Little League program for the 2020 season, and have not yet registered, are encouraged to apply for this grant opportunity immediately. Families in need who have already registered for the 2020 season can apply to be reimbursed.

We are sharing this opportunity with your league and those in your district in hopes of assisting families in need in your community, as we look to establish this new grant program. We encourage you to visit LittleLeague.org/CallUpGrant to learn more about how families in your community can take advantage of the T-Mobile Little League Call Up Grant, including ways to promote the program, who qualifies for this grant, how leagues will receive funds, and other frequently asked questions, as well as how this program was established and T-Mobile's continuing support of the Little League program. The program will be open until March 31 for grant applications for the 2020 season or until funding is depleted.

We sincerely hope that the T-Mobile Little League Call Up Grant will provide much-needed support to the families in need in your community and bring more children to participate in your league. We are extremely grateful to T-Mobile for their incredible support of the Little League program and sharing this passion for offering every kid the chance to experience Little League Baseball and Softball, regardless of their financial or personal situation.
