

*To Be The Best, You Have To Play The Best!*

## **4 Items Needed for Weigh-Ins**

### **1) Signed Players Contract**

### **2) Player's Photo**

- Picture must be 3" X 3" and attached to the players signed contract.
- Picture must show the player wearing game jersey with number visible or holding up a sign with the player's jersey number written on it (Please make sure that the number is legible).

### **3) Copy of the players Birth Certificate**

- Please make sure it is a copy and not their actual Birth Certificate.

### **4) Players Proof of Grade**

For the typical player, grades 1 thru 6, one of the following:

- Copy of the 2012/13 final Report Card. The document will likely indicate the player has been "promoted to the next grade level" ... or ... by a simple review of final grades, a reasonable person could easily conclude whether the player passed the previous grade.
- A letter or enrollment document from the school district.
- A printed email from a school administrator, providing the player's name and grade level. The address bar and typical message format should satisfy that the message originated from an official source.

For players entering Kindergarten:

- An enrollment document from the school district ... or email verification from a school administrator.

For Home-Schooled players:

- To be acceptable to the State, most are following an online agenda or curriculum. A copy of the filed documentation will suffice for our purposes.
