

Dear Black Hawk Parents,

There are many ways to reduce your tax liability – one common way is to “Max” the HUSD tax contribution, but you may not know that there is another way to reduce your tax liability while supporting your favorite football program. As you prepare your annual taxes, please consider one final donation for 2018, the BILT Foundation. By donating money to the BILT Foundation you will not only be supporting their Mission:

To provide youth greater access to athletic-based team camps focusing on leadership, charity, dedication and sense of duty with an end goal of motivating them to be better citizens of and contributors to our society.

You will be supporting Williams Field Football Team through your donations and you will get 100% of your donation refunded in your state taxes. The refund comes as the BILT Foundation is an Arizona designated Qualified Charitable Organization (QCO) and as such any donation up to \$800 filed jointly and \$400 filed single can be taken dollar for dollar off your taxes. Donating the max amount will also cover your athlete’s full cost of Varsity Camp in Heber.

Feel free to send to family & friends that live both in state & out – especially if they have expressed interest in supporting the WF Football Program. For those donating as residents of AZ – you will see your donation as a tax credit & will receive 100% of your donation back. If donating from out of state, the donation can be used as a Tax Deduction not a Tax Credit.

Should you have questions, any accountant you forward this too will know about the QCO tax credit and can answer any tax questions for you.

You can find the BILT Foundation (QCO Code - 20917) on the state list of approved charities:
