

Monthly News

Hello February!

BAC has a lot happening this month with our winter sports finishing up and our spring sport registrations opening. We would like to take a minute and tell you about a few of those things.

*We will be offering a spring Volleyball league in collaboration with VAA for all boys/girls grades 2-12. This is open to all skill levels and will be a fun way to learn the sport or keep up your skills in the off season.

*We are partnering with VAA for our Lacrosse program this year and will be able to double our number of teams, creating more opportunities for your child to play. Lacrosse is open for grade K-8 and focuses on building skills while developing knowledge of the game.

*Our girls Softball offers something for all skill and competition levels. With our In-House Softball, Travel Slowpitch team and Fastpitch Softball, there is something for everyone. Open for grades K-12 (Softball), 8U-16U (Fastpitch), 12U-16U (Slowpitch).

*Boys Baseball also has something for everyone. We have our In-House program for a more fun and casual atmosphere or our Traveling Program for those looking for a higher skill and competition level. Our In-House program is open for grades K-12 and our Traveling program is open for 10U-15U.

*BAC also offers soccer through Burnsville United. They provide a positive and affordable program that is open to pre-k through 12th grade.

*Want to introduce baseball to your younger kiddos? We also offer T-Ball for Boys and Girls ages 4 and 5. Focus on fun while learning to catch, hit and throw.
