2a. **Volunteer Opportunity:** Bylaw Review Committee

The Board is looking to establish a parent committee to consider revisions to the PRCPA Bylaws. There are a number of issues which have been identified by the Board and other committee members for this committee to consider, including Board structure, representation, fiscal year vs budget year, etc. The committee would consist of one (1) parent representing each grade 7-11, who anticipate continued involvement in future years. The committee will work from January – March 2019, providing the Board with a list of recommendation in mid-March, so that proposed changes may be brought to the April 1, 2019 PRCPA Parent Meeting for vote and approval. If there is insufficient representation or a low number of volunteers, the Board will forego the committee and propose the changes directly at a Parent Meeting for vote no later than April 1.
