CCFA believes the lessons learned through a well-directed football program may be as valuable as those learned in academic settings. Our CCFA staff is pleased to have the privilege of working with today's youth. We are thankful to the parents who entrust us with their children, and we recognize the huge responsibility we have. Accordingly, our goal is to develop your children as a football player and as a responsible young person in the safest, most effective way possible.

The philosophy of the Chaska Chanhassen Football Association is to create an organized football program for all children that live or go to school in ISD 112 area. The primary purpose of the program is not to win football games, but rather to teach the fundamentals of football, sportsmanship, discipline, and the importance of team play to all of the participants.

Registration is now open for youth 3rd grade – 8th grade
