

Sponsorship Opportunities

About Connecticut Northern Lights Girls Hockey:

Connecticut Northern Lights Girls Hockey (CT Northern Lights) is a girls only ice hockey program and non-profit organization. CT Northern Lights strives to develop our girls not only into ice hockey players and athletes, but into strong women to become tomorrow's leaders. Each player is provided with both on-ice and off-ice developmental activities. Off the ice, CT Northern Lights provides each of our players leadership training, health and nutrition programs and volunteer opportunities. However, we cannot do it without your help. Become a sponsor today and help "Strong Girls Become Strong Women".
