

RYHA Policy on Posting Pictures to the Website

Pictures

With respect to maintaining the privacy of our players and their families, no photos (individual or team) will be posted with personally identifiable information (name, address, etc.) unless written parental authorization is provided to the Executive Director or Administrator of the Raleigh Youth Hockey Association (RYHA). Teams wishing to post individual pictures with personally identifiable information in their secure team page area must also obtain and provide written parental authorization to post the picture(s) and personal information. By authorizing the use of your player's name and picture, you are agreeing to waive any claims against the RYHA, any board member, or member of the RYHA.
