

Home and Away Jersey Order Form

(Please bring order form with you to fitting)

Per the 2017/2018 contract each player will be responsible for purchasing their home and away game shirts for the upcoming season (unless you played last year and are using your jersey for the upcoming season). Both home and away jerseys will have player's last name on the back of the jerseys.

The cost will be \$150.00 for a home and an away jersey and you will own it outright. This package also includes socks, home and away.

Please fill out the form with player last name, size, choice of jersey # - Returning players from last season will get to keep their number after that (if two or more players choose the same number, the first player to fill out the form will receive that number)

Players will be sized properly at the jersey fitting on May 31st at the Haverhill High School rink. See times on homepage.
